

## Wall PIR Sandwich Panel Metal Polyurethane Foam Sandwich Panels

### Our Product Introduction

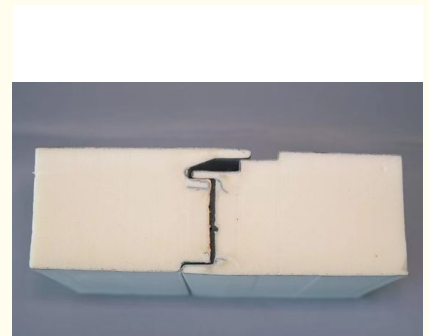

#### Basic Information

- Place of Origin: HEBEI, CHINA
- Brand Name: BAODU
- Certification: CE
- Minimum Order Quantity: Discussible
- Price: Discussible
- Packaging Details: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing will according to their requirements.
- Delivery Time: 15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 5000 Square Meters per Day

#### Product Specification

- Product Name: Pu Foam Wall Polyurethane Sandwich Panel  
Metal Pir Sandwich Roof Wall Panel
- Material: Sandwich Panel, Polyurethane, Color Steel Plate
- Application: Warehouse, Exterior Interior Wall, Building, Cold Storage, roof And Curtain Wall Insulation
- Advantage: Lightweight, Easy Install/Waterproof/Fireproof, energy-saving, heat Insulation / Energy Saving / Easy Installation
- Color: RAL
- Length: Customized
- Thickness: 50-200mm
- Steel Thickness: 0.4mm-0.8mm
- Type: Polyurethane Sandwich Panels, EPS Sandwich Panels, Rock Wool Sandwich Panels

## Product Description

### Pu Foam Wall Polyurethane Sandwich Panel Metal Pir Sandwich Roof Wall Panel

Polyisocyanurate Wall Sandwich Panel differs from the Polyurethane Sandwich Panel (PUR) by the higher coefficient of the flame resistance.

PIR slows the spread of flames and reduces the smoke emitted from the fire.

PIR complies with the requirements of the insurance and standards of the regulatory authorities

We offer three types of Polyisocyanurate Sandwich Panel to our clients: wall panels, roofing panels, and cold-storage panels. They have different thicknesses and numbers of ridges.

#### The main advantages of the Polyisocyanurate Sandwich Panel (PIR) are as follows:

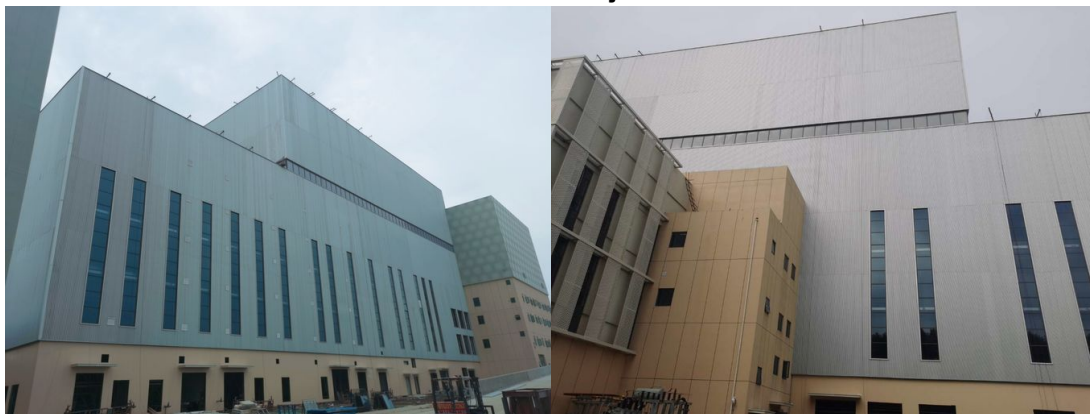

High coefficient of the thermal insulation,

Fast speed of the construction process,

Fire resistance,

Energy efficiency - that enables us to apply cost-effective solutions while keeping the preferred temperature level in the building.

### Company Profile

Baodu International Advanced Construction Material Co., Ltd was established in January 2010 with the office in Beijing and factory in Hebei, China. Baodu is a designer, manufacturer, supplier and exporter of industrial noise comprehensive treatment, steel structure, sandwich panel and prefab house. Baodu has an annual output of 6 million square meters of acoustic sandwich panels, 100000 tons of steel structures and 1 million square meters of floor decking sheet. The products are sold in more than 30 countries and regions around the world. Baodu has a professional design team with more than 10 years' experience, including 5 senior engineers, 20 engineers, and 35 technicians. Baodu has several energy saving and environment protection intellectual property rights, construction and environment protection design qualification, CE certification and Russian GOST certification etc. Baodu participated in the military parade village project for the 60th anniversary of China and project of Beijing Daxing International Airport. Under the guidance of China's "one belt, one road" strategy, Baodu has also undertaken overseas projects such as the project of Thar, Pakistan coal fired power plant, Hasyan Dubai power plant and so on. Finally, welcome your coming to Baodu for a visit and cooperation!
