

Exterior ACP Aluminium Sandwich Panel Wall Cladding Colored

Our Product Introduction

for more products please visit us on baodupanel.com

Basic Information

- Place of Origin: Hebei,China
- Brand Name: BAODU
- Certification: CE
- Model Number: Aluminium Sandwich Panel
- Minimum Order Quantity: Discussible
- Price: Reasonable
- Packaging Details: In general, for steel structure , we use the steel frame packing to keep goods not to be broken . For sandwich panel and color steel sheet, we use the plastic packing . If the clients need special packing will according to their requirements.
- Delivery Time: 15days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 5000 Square Meters per Day

Product Specification

- Product Name: Aluminium Building Panel Wall Cladding Sandwich Panels Colored Exterior
- Density: 64-120KG/M3
- Width: 950mm,960mm,1000mm
- Thickness: 50mm-200mm
- Advantage: Waterproof Moistureproof Fireproof Etc.
- Color: Various Colors
- Length: Customized
- Highlight: **Exterior Aluminium Sandwich Panel, ACP Aluminium Sandwich Panel, Exterior acp sandwich panel**

Aluminium Building Panel Wall Cladding Sandwich Panels Colored Exterior

Product Description:

Aluminium Building Panel is a great solution for exterior wall systems, which is made of aluminium composite panel, sandwich panel and glasswool, rockwool, PU. It is characterized by its great advantages of waterproof, moistureproof, fireproof and so on. The MOQ is 500 square meters and the delivery time is 15-20 days. This Aluminium Sandwich Panel can be widely used in many places such as factories, warehouses, office buildings and so on.

Features:

Excellent rigidity and impact resistance

Light weight, easy to installation

Easy for clean and maintenance

Applications:

BAODU Aluminium Sandwich Panel is a unique building material with a wide range of applications, from construction to interior decoration. It's made of two lightweight aluminium sheets that are bonded together with a non-toxic core material. Its superior properties such as fire resistance, water resistance, and insulation make it an ideal choice for walls, roofs, and other applications. It is also light in weight, easy to transport and install, and has a long service life of more than 50 years.

BAODU Aluminium Sandwich Panel is commonly used in commercial and residential buildings, such as offices, shops, schools, factories, and warehouses. It is also suitable for interior decoration as it can be easily cut, moulded, and painted to create different shapes and patterns. Additionally, it is a great choice for buildings with special requirements, such as fire protection, sound insulation, and anti-corrosion.

Technical Parameters:

Product	Rock Wool Sandwich Panel	Rock Wool Sandwich Panel with Pur or Pir Edge
Fireproof rating	Rock wool A grade	Rock wool A grade;PU B1 grade
Installation type	Hidden screw type	Hidden screw type
Width	1000mm	1000mm
Top plate/Bottom plate	0.4-1mm	0.4-1mm
Core thickness	50mm,75mm,100mm,120mm,150mm,200mm	50mm,75mm,100mm,120mm,150mm
Length	Less than 11.8m (For transport need)	Less than 11.8m (For transport need)
Density	100-180kg/m3	100-180kg/m3
Color	White, Red, Blue,Customized	White, Red, Blue,Customized
Connection Way	Hidden	Hidden
Sound insulation	20-25db	20-25db
Application	various walls of large size factory warehouse, exhibition halls,gymnasiums	various walls of large size factory warehouse,exhibition halls, gymnasiums

Support and Services:

Aluminium Sandwich Panel Technical Support and Services

Our technical support and services for Aluminium Sandwich Panels aim to ensure that the product is safe, reliable, and efficient. We provide a range of services to meet the requirements of our customers, including:

Installation support – Our experienced engineers are available to assist with the safe installation of the product.

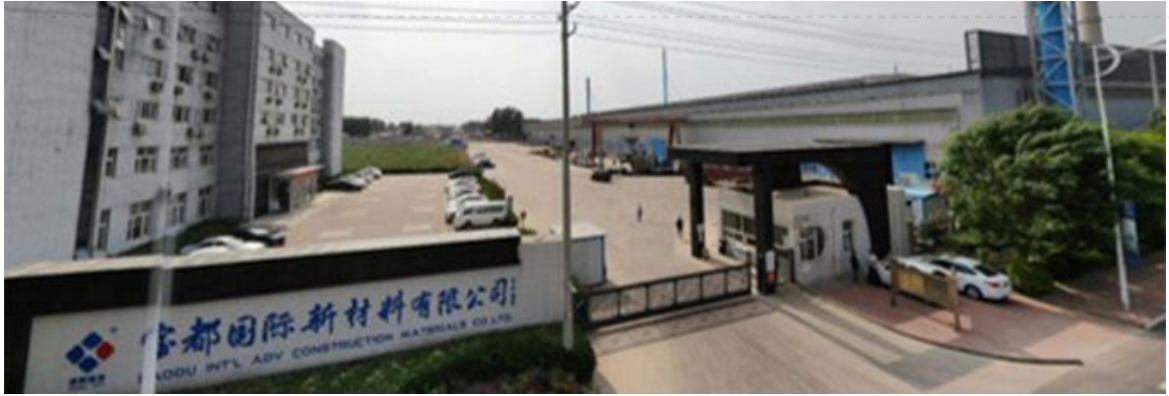

Maintenance – We offer regular maintenance checks and services to help ensure the product is operating as intended.

Repairs – In the event of a breakdown, we can provide expert advice and assistance to repair the product.

Upgrades – If your Aluminium Sandwich Panel needs to be upgraded, we can provide the necessary parts and services.

Training – We offer training courses and seminars to ensure that all users are aware of the correct operation and maintenance procedures for the product.

Company Profile:

Baodu International Advanced Construction Material Co., Ltd was established in January 2010 with the office in Beijing and factory in Hebei, China. Baodu is a designer, manufacturer, supplier and exporter of industrial noise comprehensive treatment, steel structure, sandwich panel and prefab house. Baodu has an annual output of 6 million square meters of acoustic sandwich panels, 100000 tons of steel structures and 1 million square meters of floor decking sheet. The products are sold in more than 30 countries and regions around the world. Baodu has a professional design team with more than 10 years' experience, including 5 senior engineers, 20 engineers, and 35 technicians. Baodu has several energy saving and environment protection intellectual property rights, construction and environment protection design qualification, CE certification and Russian GOST certification etc. Baodu participated in the military parade village project for the 60th anniversary of China and project of Beijing Daxing International Airport. Under the guidance of China's "one belt, one road" strategy, Baodu has also undertaken overseas projects such as the project of Thar,Pakistan coal fired power plant, Hasyan Dubai power plant and so on. Finally, welcome your coming to Baodu for a visit and cooperation!
