

Customized Length Panel Rockwool For Outdoor Office Construction Insulation

Our Product Introduction

for more products please visit us on baodupanel.com

Basic Information

- Place of Origin: Hebei, China
- Brand Name: BAODU
- Certification: CE
- Model Number: Rockwool Sandwich Panel
- Minimum Order Quantity: 200-500 square meters
- Price: Reasonable
- Packaging Details: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing will according to their requirements.
- Delivery Time: 15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 5000 Square Meters per Day

Product Specification

- Steel Thickness: 0.4mm-0.8mm
- Design Style: Modern
- Waterproof: Yes
- Usage: Construction Insulation Shop Outdoor Office
- Type: PU Sealing Rockwool Sandwich Panel
- Length: Customized
- MOQ: 200-500 Square Meters
- Material: Rockwool, PU, Color Steel
- Highlight: **Customized Length panel rockwool, Outdoor Office Construction Insulation panel rockwool, Customized Length sandwich panel rockwool**

Product Description

Product Description:

Product Overview - PU Sealing Rockwool Sandwich Panel

Product Name:

PU Sealing Rockwool Sandwich Panel

Material:

Rockwool

PU (Polyurethane)

Color Steel

Thickness:

Available in 50mm, 75mm, 80mm, 100mm, 125mm, 150mm, and 200mm options.

Waterproof:

Yes, the PU sealing on the panel ensures that it is completely waterproof.

Design Style:

Modern design that is suitable for various architectural styles.

Product Description:

The PU Sealing Rockwool Sandwich Panel is a highly versatile and efficient building material. It is made with a core of rockwool insulation, a layer of polyurethane sealing, and a color steel exterior. This combination of materials makes it fireproof, thermally insulated, and sound absorbent.

The rockwool insulated board provides excellent thermal insulation, keeping the interior of the building warm in the winter and cool in the summer. This results in reduced energy consumption and cost savings. The polyurethane sealing not only makes the panel waterproof, but also adds to its strength and durability. The color steel exterior not only enhances the appearance of the building, but also provides protection against weather elements.

Our PU Sealing Rockwool Sandwich Panel is designed for modern buildings and can be used for both residential and commercial purposes. It is suitable for various types of buildings, including schools, hospitals, offices, warehouses, and more.

Key Features:

Highly efficient thermal insulation

Fireproof

Sound absorbent

Waterproof

Environmentally friendly

Energy efficient

Modern design

Strong and durable

Easy installation

Low maintenance

Applications:

Our PU Sealing Rockwool Sandwich Panel is suitable for a wide range of applications, including:

Residential buildings

Commercial buildings

Schools and universities

Hospitals and healthcare facilities

Offices and commercial spaces

Warehouses and industrial buildings

And more

Why Choose Us:

High quality materials

Advanced manufacturing process

Customizable options

Competitive prices

Prompt delivery

Professional and reliable customer service

Features:

Product Name: Rockwool Sandwich Panel

Advantage:

Superior Fireproof

Insulation

Light Weight

Easy To Install

Fireproof Innovative Technology

Material:

Rockwool
PU
Color Steel
Waterproof: Yes
Steel thickness: 0.4mm-0.8mm
Certificate: CE

Technical Parameters:

Technical parameters of BAODU new model fireproof sandwich panel								
Allowable vertical load and thermal conductivity of BAODU new model fireproof rockwool roof sandwich panel (allowable deflection $\leq L/200$)								
S(mm)	W/m ² K	G(kg)	P=KN/m ²	0.60	0.80	1.00	1.20	1.50

Applications:

Rockwool Sandwich Panel - Perfect Insulation Solution for Your Building

Brand Name: BAODU

Model Number: Rockwool Sandwich Panel

Place of Origin: Hebei, China

Certification: CE

Minimum Order Quantity: 200-500 square meters

Price: Reasonable

Packaging Details: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing, we will customize it according to their requirements.

Delivery Time: 15 days

Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram

Supply Ability: 5000 Square Meters per Day

Color: RAL Color; Customized

After-sale Service: Online Technical Support, Onsite Installation

Application: Wall Building, Warehouse Roofing, Wall and Roof

Width: 1000mm

Keyword: Rockwool Sandwich Panel

BAODU Rockwool Sandwich Panel is a highly efficient insulation solution for various building structures. Made from high-quality rockwool material, our sandwich panel offers exceptional thermal insulation, fireproof and soundproof properties, making it perfect for a wide range of applications.

Key Features of BAODU Rockwool Sandwich Panel:

High-quality rockwool material for superior insulation performance

CE certified to ensure product quality and safety

Wide application range including wall building, warehouse roofing, and wall and roof

Available in various colors and customizable to fit your design needs

Reasonable pricing and timely delivery

Easy installation and maintenance

Online technical support and on-site installation services available

Applications and Scenes:

Our Rockwool Sandwich Panel can be used in various building structures, providing excellent thermal insulation and soundproofing properties. Some common applications include:

Wall Building: Our sandwich panel can be used as exterior or interior wall panels, providing excellent insulation and soundproofing for commercial and residential buildings.

Warehouse Roofing: Our panel is perfect for roofing in warehouses, providing thermal insulation and fire resistance to protect your goods and equipment.

Wall and Roof: Our sandwich panel can be used for both wall and roof, providing a complete insulation solution for industrial buildings, workshops, and garages.

With its fireproof, soundproof and thermal insulated properties, our Rockwool Sandwich Panel can create a comfortable and safe

environment for your building. Don't hesitate to contact us for more information and a free quote.

Customization:

Customized Service for BAODU Rockwool Sandwich Panel

At BAODU, we understand that every project is unique and requires specific solutions. That's why we offer customized services for our Rockwool Sandwich Panel to meet your specific needs.

Our Rockwool Composite Panels are made with high-quality materials such as Rockwool, PU, and Color Steel. They are designed to provide excellent insulation and strength for a variety of applications, including wall building, warehouse roofing, and wall and roof construction.

With our customized service, you can choose the length, color, and thickness of the panels to fit your project requirements. Our panels are also waterproof, making them suitable for both indoor and outdoor use.

For your peace of mind, our panels are CE certified, ensuring their quality and safety.

To place an order, our minimum order quantity is 200-500 square meters, and we offer a reasonable price for our products. Our supply ability is 5000 square meters per day, ensuring timely delivery of your order.

We also provide various payment terms, including L/C, D/A, D/P, T/T, Western Union, and MoneyGram, to accommodate your needs.

When it comes to packaging, we use steel frame packing for steel structures to prevent any damage during transportation. For sandwich panels and color steel sheets, we use plastic packing. However, if you have specific packaging requirements, we will be happy to customize it for you.

Choose BAODU for all your Rockwool Insulated Panel needs. Contact us today to discuss your project and get a quote for our customized services!
