

Customized Glasswool Sandwich Panel Modern Design Waterproof

Our Product Introduction

for more products please visit us on baodupanel.com

Basic Information

- Place of Origin: Hebei,China
- Brand Name: BAODU
- Certification: CE
- Model Number: Glasswool Sandwich Panel
- Minimum Order Quantity: Discussible
- Price: Reasonable
- Packaging Details: In general, for steel structure , we use the steel frame packing to keep goods not to be broken . For sandwich panel and color steel sheet, we use the plastic packing . If the clients need special packing will according to their requirements.
- Delivery Time: 15days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 5000 Square Meters per Day

Product Specification

- Width: 1000mm
- Panel Type: Glasswool Sandwich Panel
- Advantage: Fireproof/ Waterproof/ Soundproof/ Thermal Insulation/ Environmental
- Color: Customer's Require
- After-sale Service: Online Technical Support, Onsite Installation
- Warranty: More Than 50 Years
- Project Solution Capability: Graphic Design 3D Model Design Total Solution For Project
- Product Name: Customized Glasswool Sandwich Panel For Modern Design And More Than 50 Years Of Expertise
- Highlight: **waterproof glasswool sandwich panel, modern glasswool sandwich panel,**

Product Description:

Product Overview: Glasswool Sandwich Panel

The Glasswool Sandwich Panel is a highly versatile and efficient building material, designed to provide exceptional fireproof, waterproof, soundproof, thermal insulation and environmental protection properties. This innovative product is ideal for a wide range of applications, including commercial, industrial, and residential buildings.

Product Name: Glasswool Sandwich Panel

The Glasswool Sandwich Panel is also known as Glass Fiber Sandwich Panel or fireproof glass wool sandwich panel. It is made of two outer layers of high-strength steel sheets and a core of glass wool insulation material. The steel sheets are bonded together with the core through a high-strength adhesive, providing a strong and durable structure.

Surface Treatment: Customized

The surface of the Glasswool Sandwich Panel can be customized according to the specific requirements of the project. It can be coated with different materials, such as color steel plates, stainless steel plates, aluminum plates, and more, to enhance its aesthetic appeal and improve its overall performance.

Length: Customized

The length of the Glasswool Sandwich Panel can be customized to suit different building designs and sizes. This feature allows for easy and flexible installation, reducing waste and saving construction time and costs.

Width: 1000mm

The standard width of the Glasswool Sandwich Panel is 1000mm, making it easy to handle and transport. This width is also suitable for most building structures, providing a perfect fit and seamless integration.

Advantage: Fireproof/ Waterproof/ Soundproof/ Thermal Insulation/ Environmental

The Glasswool Sandwich Panel offers a range of advantages that make it a popular choice in the construction industry. Its fireproof properties make it an ideal choice for buildings that require high-level fire protection. It is also waterproof, ensuring protection against moisture, and preventing damage from water leaks.

The soundproof feature of the Glasswool Sandwich Panel makes it an excellent choice for buildings located in noisy areas, providing a peaceful and comfortable indoor environment. Its thermal insulation properties help to reduce energy consumption, making it an energy-efficient solution for buildings. Additionally, the Glasswool Sandwich Panel is environmentally friendly, as it is made of recycled materials and can be recycled at the end of its lifespan.

In summary, the Glasswool Sandwich Panel is a versatile and efficient building material that offers exceptional fireproof, waterproof, soundproof, thermal insulation, and environmental protection properties. With its customizable surface treatment and length, along with its standard 1000mm width, this product is a perfect choice for any construction project.

Features:

Product Name: Glasswool Sandwich Panel

Width: 1000mm

Material: Glasswool

After-sale Service: Online Technical Support, Onsite Installation

Project Solution Capability: Graphic Design, 3D Model Design, Total Solution For Project

Sample: Free Sample

Key Features:

Excellent thermal insulation performance

Lightweight and easy to install

Fireproof glass wool sandwich panel

High fire resistance and safety

Excellent acoustic performance

Durable and long-lasting

Environmentally friendly and energy-saving

Versatile and customizable for different project needs

Cost-effective and efficient construction solution

Applications:

BAODU Glasswool Sandwich Panel

As a leading manufacturer of construction materials, BAODU proudly presents our innovative product - Glasswool Sandwich Panel. Designed to meet various construction needs, our Glasswool Sandwich Panel combines high-quality materials and advanced technology to provide superior performance and durability.

Brand Name: BAODU

Model Number: Glasswool Sandwich Panel

Place of Origin: Hebei, China

Certification: CE

Minimum Order Quantity: Discussible

Price: Reasonable

Packaging Details: In general, for steel structure, we use steel frame packing to keep goods from being broken. For sandwich panel and color steel sheet, we use plastic packing. If our clients need special packaging, we will customize it according to their requirements.

Delivery Time: 15 days

Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram

Supply Ability: 5000 Square Meters per Day

Density: 64kg/m³

Warranty: More than 50 years

Advantage: Fireproof, Waterproof, Soundproof, Thermal Insulation, Environmental

Thickness: 50mm, 75mm, 80mm, 100mm, 125mm, 150mm, 200mm

Material: Glasswool

Our Glasswool Sandwich Panel is made of high-quality glass fiber and a rigid foam core, providing excellent thermal insulation, soundproofing, and fireproofing properties. It is widely used in various construction projects such as industrial buildings, warehouses, commercial buildings, and residential buildings.

The Glasswool Sandwich Panel is easy to install and has a lightweight structure, making it an ideal choice for both new constructions and renovations. With a density of 64kg/m³, it offers a perfect balance of strength and weight, ensuring long-lasting performance.

One of the key advantages of our Glasswool Sandwich Panel is its superior fire resistance. It can withstand high temperatures and prevent the spread of fire, making it a safe choice for buildings. It is also waterproof and soundproof, providing a comfortable and quiet living or working environment.

Our Glasswool Sandwich Panel is environmentally friendly and has a long lifespan of more than 50 years, making it a cost-effective solution for construction projects. We offer different thickness options, ranging from 50mm to 200mm, to meet various insulation requirements.

At BAODU, we are committed to providing high-quality products and excellent services to our clients. Our Glasswool Sandwich Panel is CE certified, ensuring its quality and reliability. With our reasonable pricing and flexible minimum order quantity, we are your ideal partner for all your construction needs.

Choose BAODU Glasswool Sandwich Panel for a safer, more comfortable, and more durable construction. Contact us now to discuss your requirements and place your order.

Customization:

Customization Service for BAODU Glasswool Sandwich Panel

Brand Name: BAODU

Model Number: Glasswool Sandwich Panel

Place of Origin: Hebei, China

Certification: CE

Minimum Order Quantity: Discussible

Price: Reasonable

Packaging Details: In general, for steel structure, we use steel frame packing to keep goods from breaking. For sandwich panel and color steel sheet, we use plastic packing. If clients require special packing, we will accommodate their needs.

Delivery Time: 15 days

Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram

Supply Ability: 5000 Square Meters per Day

Project Solution Capability: Graphic Design, 3D Model Design, Total Solution for Project

Advantage: Fireproof, Waterproof, Soundproof, Thermal Insulation, Environmental

Width: 1000mm

Length: Customized

Key Features: Foam Color Steel Exterior Wall, Foam Color Steel Exterior Roof, Glasswool Sandwich Panel

Support and Services:

Glasswool Sandwich Panel Technical Support and Services

At Glasswool, we are committed to providing the highest quality technical support and services for our Glasswool Sandwich Panel product. Our team of experts is dedicated to ensuring that our customers have a positive experience with our product and are able to fully utilize its features and benefits.

Technical Support

Our technical support team is available to assist with any inquiries or issues related to the installation, usage, or maintenance of Glasswool Sandwich Panel. We provide comprehensive technical documentation, including installation guides and user manuals, to ensure that our customers have all the necessary information to successfully use our product.

In addition, our team is available for remote or on-site support to troubleshoot any technical problems that may arise. We are committed to providing timely and efficient solutions to ensure that our customers experience minimal downtime and can continue to use our product with ease.

Services

In addition to technical support, we also offer a range of services to further enhance the experience of using Glasswool Sandwich Panel. These services include:

[Customized panel sizes and thicknesses to meet specific project requirements](#)

[Professional installation services by our trained and experienced team](#)

[Regular maintenance and cleaning services to ensure optimal performance and longevity of the product](#)

[Consultation and design services to help our customers select the most suitable panel configuration for their project](#)

Our services are designed to provide our customers with a hassle-free experience and ensure that our product is utilized to its fullest potential.

Contact Us

If you have any questions or require technical support or services for our Glasswool Sandwich Panel product, please do not hesitate to contact us. Our team is always available to assist and ensure that you have a positive experience with our product.

FAQ:

Q: What is the brand of this product?

A: The brand name of this product is BAODU.

Q: What is the model number of this product?

A: The model number of this product is Glasswool Sandwich Panel.

Q: Where is this product made?

A: This product is made in Hebei, China.

Q: Is this product certified?

A: Yes, this product is certified with CE.

Q: What is the minimum order quantity?

A: The minimum order quantity for this product is discussible.

Q: What is the price of this product?

A: The price of this product is reasonable.

Q: How is this product packaged?

A: In general, for steel structure, we use steel frame packing to keep the goods from being broken. For sandwich panel and color steel sheet, we use plastic packing. Special packing can also be provided according to client's requirements.

Q: How long is the delivery time?

A: The delivery time for this product is 15 days.

Q: What are the accepted payment terms?

A: The accepted payment terms for this product are L/C, D/A, D/P, T/T, Western Union, and MoneyGram.

Q: What is the supply ability of this product?

A: The supply ability for this product is 5000 square meters per day.
