

Cold Rolled Steel Coil SS400 Q235 Q345R SA302 SA516 A572 S275 S355

Our Product Introduction

for more products please visit us on baodupanel.com

Basic Information

- Place of Origin: Hebei, China
- Brand Name: BAODU
- Certification: ISO9001, CE
- Model Number: Steel Coil
- Minimum Order Quantity: 1 ton
- Price: Reasonable
- Packaging Details: Standard export waterproof package, suit for all kinds of transport, or as required
- Delivery Time: 7-15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 5000 Ton/Tons per Month

Product Specification

- Grade: SS400, Q235, Q345R, SA302, SA516, A572, S275, S355
- Cutting: Fly Saw Tracking Cut.
- Technique: Cold Rolled
- Application: Construction/ Automotive/ Manufacturing/ Construction Structure
- Matching Material: Stainless Steel
- Tolerance: $\pm 1\%$
- Holes Punching: Post Holes Punching After Profile Formed
- Product Name: Cold Rolled Steel Coil SS400 Q235 Q345R SA302 SA516 A572 S275 S355
- Highlight: **Q345R Cold Rolled Steel Coil,**
SA302 Cold Rolled Steel Coil,
S355 Cold Rolled Steel Coil

Product Description

Cold Rolled Steel Coil SS400 Q235 Q345R SA302 SA516 A572 S275 S355

Product Description:

Corrosion Resistance:For high temperature applications, high temperature applications require strong sensitization resistance to prevent intergranular corrosion at lower temperatures

Clean surface:It can keep the surface clean, so its heat transfer is better than other metals with higher thermal conductivity

Oxidation Resistance:High temperature oxidation resistance and high strength, so it can resist fire

Usage time:Stainless steel material is resistant to corrosion and oxidation, and can be used for a long time

Features:

Product Name: Steel Coil

Technique: Hot Rolled/Cold Rolled

Holes Punching: Post Holes Punching After Profile Formed

Material Thickness Range: 0.4-2.0 Mm

Shape: Coil

Matching Material: Stainless Steel

Keywords: Ppgi/ppgl Color Coated Steel Coil, Stainless Steel Strip, Color Coated Steel Coil galvanized

Technical Parameters:

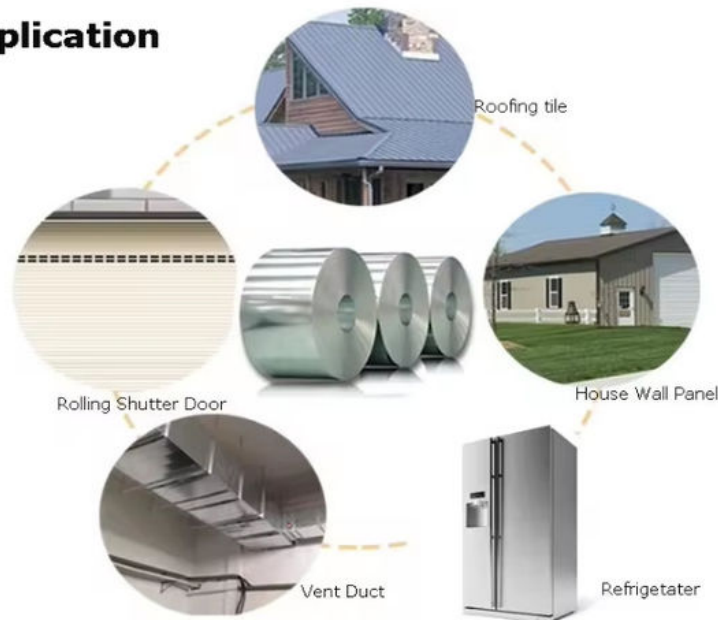

Chemical Composition

Grade	C	Mn	P	S	Alta
DC01, SPCC	≤0.12	≤0.60	≤0.045	≤0.045	≥0.020
DC02, SPCD	≤0.10	≤0.45	≤0.035	≤0.035	≥0.020
DC03, SPCE	≤0.08	≤0.40	≤0.030	≤0.030	≥0.020
DC04, SPCF	≤0.06	≤0.35	≤0.025	≤0.025	≥0.015

Mechanical Properties

Grade	RCL(Mpa)	RM(MPa)	A80mm(%)	R90	N90
DC01	140~280	270~410	≥28		
DC02	140~240	270~370	≥34	≥1.4	
DC03	120~210	270~350	≥38	≥1.8	≥0.18
DC04	120~180	270~330	≥40	≥2.0	≥0.20
SPCC	130~300	270~410			
SPCD	120~240	270~370		≥1.3	
SPCE	120~210	270~350		≥1.8	≥0.18

Application

BAODU Steel Coil is a reliable and high-quality product that can be used in a variety of occasions and scenarios. As a trusted brand in the industry, BAODU Steel Coil is manufactured in Hebei, China, and is certified with ISO9001 and CE.

The Steel Coil is available in a thickness range of 0.4-2.0mm and is made to match stainless steel. The available grades include SS400, Q235, Q345R, SA302, SA516, A572, S275, and S355.

BAODU Steel Coil is perfect for construction, automotive, manufacturing, and construction structure applications. Its durability and strength make it a reliable option for a range of industries.

Product Application Occasions

Construction: BAODU Steel Coil is ideal for construction applications, including roofing, walls, and structural support. The Steel Coil can be used for construction decoration roofing sheet, providing a durable and reliable option for constructing buildings and structures.

Automotive: BAODU Steel Coil is also suitable for use in the automotive industry. Its strength and durability make it an excellent choice for manufacturing automotive parts and components that require reliable and long-lasting materials.

Manufacturing: The Steel Coil is also perfect for use in manufacturing. It can be used for a range of applications, including producing color coated steel coil galvanized and cold rolled steel coil. BAODU Steel Coil's versatility makes it an excellent choice for manufacturers looking for high-quality materials.

Construction Structure: BAODU Steel Coil is a reliable and sturdy option for constructing various building structures. Its strength and durability make it an excellent choice for building foundations, columns, beams, and other critical structural components.

Product Application Scenarios

BAODU Steel Coil is available in a reasonable price range and comes with standard export waterproof packaging, making it suitable for all kinds of transport. The product can be delivered within 7-15 days, and the minimum order quantity is 1 ton. The Steel Coil is compatible with various payment methods, including L/C, D/A, D/P, T/T, Western Union, and MoneyGram.

The supply ability for BAODU Steel Coil is 5000 Ton/Tons per month, making it an excellent option for manufacturers and industries that require a reliable and consistent supply of high-quality materials.

In conclusion, BAODU Steel Coil is a versatile and reliable option for a range of industries and applications. Its strength, durability, and compatibility make it an excellent choice for construction, automotive, manufacturing, and construction structure applications.

Customization:

BAODU offers product customization services for its Steel Coil product. Our Steel Coil product is made in Hebei, China and comes with ISO9001 and CE certification. The minimum order quantity is 1 ton and the price is reasonable. Our Steel Coil is packaged in standard export waterproof packaging that is suitable for all kinds of transport or as required. The delivery time is 7 days and we accept payment terms such as L/C, D/A, D/P, T/T, Western Union, and MoneyGram. Our Steel Coil has a supply ability of 5000 Ton/Tons per month and it comes in Hot Rolled/Cold Rolled technique. The grade of our Steel Coil includes SS400, Q235, Q345R, SA302, SA516, A572, S275, and S355. The matching material for our Steel Coil is Stainless Steel. Our Steel Coil can be cut using Fly Saw Tracking Cut and it comes in a coil shape.

Additionally, we offer customization services for Ppgi/ppgi Color Coated Steel Coil, 309s 316 316l 304 321 Stainless Steel Coil, and 304 Cold Rolled Stainless Steel Coil.

Support and Services:

Our Steel Coil product is backed by comprehensive technical support and services to ensure efficient and reliable operation. Our team of experts is available to assist with installation, maintenance, troubleshooting, and optimization of the product to meet your specific needs. We offer training and consultation services to help you maximize the performance of the product and minimize downtime. Our technical support team is dedicated to providing timely and effective solutions to any issues you may encounter with the product. In addition, we offer a range of after-sales services, including warranties, spare parts, and repairs, to ensure the longevity and reliability of the product.

Packing and Shipping:

Product Packaging:

The steel coil product will be securely packed in wooden pallets or crates to ensure safe handling and transportation. Each coil will be wrapped in moisture-resistant and rust-proof material to protect it from environmental factors during transit.

Shipping:

We offer various shipping options to meet the needs of our customers. The steel coil product can be shipped via ocean freight or air freight, depending on the urgency and destination of the order. Our team will work with you to determine the best shipping method and provide you with a detailed shipping quote.

FAQ:

Q: What is the brand name of this product?

A: The brand name of this product is BAODU.

Q: What is the model number of this product?

A: The model number of this product is Steel Coil.

Q: Where is this product made?

A: This product is made in Hebei, China.

Q: What certifications does this product have?

A: This product has ISO9001 and CE certifications.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity for this product is 1 ton.

Q: What is the price of this product?

A: The price of this product is reasonable.

Q: How is this product packaged?

A: This product is packaged in standard export waterproof packaging that is suitable for all kinds of transportation, or as required.

Q: What is the delivery time for this product?

A: The delivery time for this product is 7 days.

Q: What are the payment terms for this product?

A: The payment terms for this product are L/C, D/A, D/P, T/T, Western Union, and MoneyGram.

Q: What is the supply ability for this product?

A: The supply ability for this product is 5000 Ton/Tons per month.
