

Insulation Fireproof Heat Thermal Material Aluminum Foil Faced Glasswool Board For Ceilings OEM Noise Absorption

Our Product Introduction

for more products please visit us on baodupanel.com

Basic Information

- Place of Origin: Hebei, China
- Brand Name: BAODU
- Certification: CE
- Model Number: Glasswool
- Minimum Order Quantity: Discussible
- Price: Reasonable
- Packaging Details: Standard export waterproof package, suit for all kinds of transport, or as required
- Delivery Time: 15days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 5000 Square Meters per Day

Product Specification

- Product Name: Insulation Fireproof Heat Thermal Material Aluminum Foil Faced Glasswool Board For Ceilings OEM And Noise Absorption
- Material: Fiberglass, Glass Fiber
- Type: Fiberglass Heat Insulation Materials
- Mold Resistance: Non-nutritive To Mold Growth
- Fire Rating: Class A
- Moisture Resistance: Non-hygroscopic
- Keyword: Glasswool
- Place Of Origin: Hebei, China
- Brand Name: BAODU
- Density: 10-100kg/m³
- Highlight: **Aluminum Foil Faced glasswool board, OEM glasswool board insulation**

Product Description

Insulation Fireproof Heat Thermal Material Aluminum Foil Faced Glasswool Board For Ceilings OEM And Noise Absorption

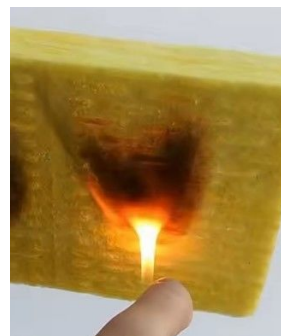

Product Description:

Our Glasswool product is available in a standard width of 1200MM, making it versatile for different uses. Its yellow color is easily distinguishable and adds a splash of vibrancy to any installation.

Our Glasswool thermal insulation is perfect for any project that requires insulation. Its unique properties make it an excellent choice for both residential and commercial applications. Our Glasswool acoustic panels are perfect for soundproofing walls and ceilings in recording studios, home theaters, and other sound-sensitive environments.

Our fiberglass insulation blanket glasswool roll is easy to install, and its flexibility makes it perfect for wrapping around ductwork, pipes, and other irregularly shaped objects. The Glasswool roll is also ideal for insulating large areas and provides excellent thermal and acoustic performance.

Our Glasswool product is made from high-quality materials and is designed to meet all your insulation needs. Its non-nutritive to mold growth feature guarantees a longer lifespan and provides a healthier living environment.

Features:

Provides excellent thermal insulation

Reduces energy costs by maintaining desired temperatures

Easy to install and handle

Can be used in a variety of applications including walls, floors, roofs, and HVAC systems

Helps reduce noise pollution and can be used as a glasswool acoustic wall panel

Can be purchased in rolls or blankets for easy installation, such as fiberglass insulation blanket glasswool roll and glasswool blanket

Technical Parameters:

Specifications of Centrifugal Glass Wool				
Product	Length(mm)	Width(Diameter)(mm)	Thickness(mm)	Density(kg/m ³)
Boards	1200-2200	600-1200	20-100	24-96
Felt in roll	11000,20000	1200	25-150	12,16,20,24,32,40,48
Pipes	1000	15-400	20-100	45-90

Centrifugal Glass Wool			
Item	Unit	Index	Standard
Density	Kg/m ³	10-100	GB/T 5480.3-1985
Average fiber dia.	μ m	5.5	GB/T 5480.4-1985
Water content	%	≤1	GB/T 3007-1982
Grade of combustibility	Non-combustible Grade A		GB 8624-1997
Reshrinking temp	°C	≥250	GB/T 11835-1998
Thermal conductivity	w/m·k	0.038-0.06	GB/T 10294-1988
Hydrophobicity	%	≥98.2	GB/T 10299-1988
Moisture rate	%	≤5	GB/T 16401-1986
Sound absorption coefficient	%	1.03 product reverberation method 24kg/m ³ 2000HZ	GBJ47-83
Slag inclusion content	%	≤0.3	

Physical Properties			
Item	Unit	Index	Standard
Density	Kg/m ³	10-80	GB 5480.3-1985
Average fiber dia	μ m	5	GB 5480.4-1985
Reshrinking temp	°C	500	GB/T 11835-1998
Thermal conductivity	w/m-k	0.041-0.07	GB/T 10294-1988
Grade of combustibility		Non-combustible GradeA	GB 8624-1997
Hydrophobicity	%	≥99	GB/T 10299-1988

This product is a glasswool blanket insulation, also known as glasswool thermal insulation or fiberglass insulation blanket glasswool.

Customization:

Customize your BAODU Glasswool product to fit your specific needs and requirements. Our Glasswool product, with a density of 10-100kg/m³ is a Fiberglass Heat Insulation Material that is perfect for insulation in walls, ceilings, and floors.

Our Glasswool product is manufactured in Hebei, China and is CE certified. We offer discussible minimum order quantities at a reasonable price. Packaging details include a standard export waterproof package, suitable for all kinds of transport or as required. Delivery time is estimated at 15 days.

We accept various payment terms such as L/C, D/A, D/P, T/T, Western Union, and MoneyGram. Our supply ability is 5000 Square Meters per Day.

Customization options for our Glasswool product include:

[Glasswool 50mm-200mm insulation thickness](#)

[Glasswool thermal insulation](#)

[Glasswool acoustic panels](#)

Our Glasswool product is made of high-quality Fiberglass and Glass Fiber materials, ensuring durability and longevity. Contact us today to learn more about our customizable options and how we can meet your insulation needs.

Support and Services:

Our Glasswool product is designed to provide high thermal and acoustic insulation for various applications. Our team of technical experts is available to provide support and guidance on product selection, installation, and maintenance. We offer a range of services, including on-site inspections, testing, and customized solutions to meet your specific needs. Our goal is to ensure that our customers receive the best possible experience with our Glasswool product and that it performs to its utmost capacity.

Packing and Shipping:

Product Packaging:

[The Glasswool product will be packed in rolls](#)

[The rolls will be tightly compressed and wrapped with plastic packaging material](#)

[The rolls will be labeled with the product name, dimensions, and quantity](#)

Shipping:

[The Glasswool product will be shipped in pallets](#)

[The pallets will be covered with shrink wrap to protect the product during transportation](#)

[The pallets will be labeled with the product name, dimensions, and quantity](#)

[The pallets will be shipped via a reliable shipping company to ensure timely and safe delivery](#)

FAQ:

Q: What is the brand name of this product?

A: The brand name of this product is BAODU.

Q: What is the model number of this product?

A: The model number of this product is Glasswool.

Q: Where is this product made?

A: This product is made in Hebei, China.

Q: Does this product have any certifications?

A: Yes, this product has CE certification.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity for this product is discussible.

Q: What is the price of this product?

A: The price of this product is reasonable.

Q: How is this product packaged?

A: This product is packaged in standard export waterproof package, suitable for all kinds of transport, or as required.

Q: What is the delivery time for this product?

A: The delivery time for this product is 15 days.

Q: What are the payment terms for this product?

A: The payment terms for this product are L/C, D/A, D/P, T/T, Western Union, and MoneyGram.

Q: What is the supply ability of this product?

A: The supply ability of this product is 5000 square meters per day.
