

## Customizable Beam Ship Right Angle Metal

Our Product Introduction

for more products please visit us on [baodupanel.com](http://baodupanel.com)

### Basic Information

- Place of Origin: Hebei, China
- Brand Name: BAODU
- Certification: ISO9001:2008, SGS
- Model Number: Angle Steel
- Minimum Order Quantity: 1 ton
- Price: Reasonable
- Packaging Details: Export standard packing or according to customers' requirement
- Delivery Time: 21 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 40000 Ton/Tons per Month

### Product Specification

- Width: Customizable
- Dimensions: 20\*20--200\*200mm
- Shape: Right Angle
- Normal Length: 1-12m Or As Request
- Application: Construction/Structural Support
- Material: Steel
- Technique: Hot Rolled
- Use: Beam, Bridge, Transmission Tower, Ship Etc
- Highlight: Customizable angle steel, Beam angle steel, Ship angle steel

## Product Description

### Customizable angle steel Right Angle for Beam Ship Etc Applications

#### Product Description:

Our Steel Angle product is available in a range of customizable widths and weights, making it easy to find the perfect fit for your project. With dimensions ranging from 20\*20mm to 200\*200mm, you can trust that our Steel Angle will meet your needs.

Made from high-quality stainless steel, our Steel Angle product is durable and built to last. It is designed to withstand a variety of harsh weather conditions and environments, making it a reliable choice for outdoor projects.

Our Steel Angle product is also available with holes, making it easy to install and secure. This feature adds an extra layer of convenience and versatility to an already impressive product.

Whether you're building a bridge, constructing a transmission tower, or working on a ship, our Steel Angle product is the perfect choice for your project. Its strength and durability make it a reliable option for any construction or structural support need.

So if you're looking for a high-quality I angle steel product that is customizable, durable, and versatile, look no further than our Steel Angle product. Contact us today to learn more about our customizable options and to place your order.

#### Features:

Product Name: Steel Angle

Use: Beam, Bridge, Transmission Tower, Ship Etc

Shape: Right Angle

Technique: Hot Rolled

Features: High Strength/Corrosion Resistant

Normal Length: 1-12m Or As Request

#### Applications:

- 1)Used for beams, bridges, transmission towers, etc.
- 2)For engineering construction
- 3)For steel structure engineering
- 4)For automotive parts manufacturing

Angle Steel is a versatile product that can be used in a variety of ways. The most common use of this product is in construction, where it is used as an L shaped angle steel bar to provide support and stability. This material angle steel cut structural galvanized is durable and can withstand harsh weather conditions, making it ideal for outdoor construction projects.

Another common use for BAODU Angle Steel is in the manufacturing industry. This product is often used to create angle bracket steel, which is used to hold various items in place. The strength and durability of this product make it an ideal choice for this application.

BAODU Angle Steel is available in a variety of sizes and shapes, including equal or unequal types. This product is customizable, allowing customers to get the exact size and shape they need for their specific application. The normal length of this product is 1-12m, but it can be made to order based on the customer's requirements.

When it comes to shipping, BAODU Angle Steel is shipped by container/break bulk. This product is well-packaged using export standard packing or according to customers' requirements to ensure it arrives at its destination in excellent condition. The delivery time for this product is 21 days, and various payment terms are available, including L/C, D/A, D/P, T/T, Western Union, and MoneyGram.

Overall, BAODU Angle Steel is a high-quality product that is perfect for a variety of applications. Its strength, durability, and versatility make it an ideal choice for construction and manufacturing projects. With a supply ability of 40000 Ton/Tons per month, customers can rest assured that they will be able to get the products they need when they need them.

#### Customization:

Our packaging details are export standard packing or according to customers' requirement. We have a delivery time of 21 days, and our payment terms include L/C, D/A, D/P, T/T, Western Union, and MoneyGram. We have a supply ability of 40000 Ton/Tons per month,

making us a reliable partner for your steel needs.

Our Angle Steel features high strength and corrosion resistance, making it a reliable choice for demanding applications. We offer customizable sizes and shapes, with a standard right angle shape. Our Angle Steel is commonly used in beams, bridges, transmission towers, ships, and more. The weight of our Angle Steel is also customizable to meet your needs.

### Support and Services:

Our Steel Angle product comes with comprehensive technical support and services to ensure that you receive the best experience possible. Our team of experts is available to assist with any questions you may have regarding the product's installation, usage, and maintenance. We also offer repair and replacement services for any defects or damages that may occur during the product's lifespan. Our priority is to provide you with a reliable and high-quality product, and we are committed to delivering exceptional customer service every step of the way.

### Packing and Shipping:

### FAQ:

A: The brand name of the angle steel product is BAODU.

Q: What is the model number of the angle steel product?

A: The model number of the angle steel product is Angle Steel.

Q: Where is the place of origin for the angle steel product?

A: The place of origin for the angle steel product is Hebei, China.

Q: What certifications does the angle steel product have?

A: The angle steel product has ISO9001:2008 and SGS certifications.

Q: What is the minimum order quantity for the angle steel product?

A: The minimum order quantity for the angle steel product is 1 ton.

Q: What is the price of the angle steel product?

A: The price of the angle steel product is reasonable.

Q: What are the packaging details for the angle steel product?

A: The packaging details for the angle steel product are export standard packing or according to customers' requirement.

Q: What is the delivery time for the angle steel product?

A: The delivery time for the angle steel product is 21 days.

Q: What are the payment terms for the angle steel product?

A: The payment terms for the angle steel product are L/C, D/A, D/P, T/T, Western Union, MoneyGram.

Q: What is the supply ability for the angle steel product?

A: The supply ability for the angle steel product is 40000 Ton/Tons per Month.
