

Q235 L Shaped Profile Flat Hot Dip Galvanized Angle Steel 200mm*200mm*15mm*12m

Our Product Introduction

for more products please visit us on baodupanel.com

Basic Information

- Place of Origin: Hebei, China
- Brand Name: BAODU
- Certification: ISO9001:2008, SGS
- Model Number: Angle Steel
- Minimum Order Quantity: 1 ton
- Price: Reasonable
- Packaging Details: Export standard packing or according to customers' requirement
- Delivery Time: 21 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 40000 Ton/Tons per Month

Product Specification

- Features: High Strength/Corrosion Resistant
- Shape: Right Angle
- Type: Equal Or Unequal
- Use: Beam, Bridge, Transmission Tower, Ship Etc
- Size: Customizable
- Thickness: Customizable
- Weight: Customizable
- Product Name: Q235 L-shaped Profile Flat Angle Steel Hot Dip Galvanized Angle Steel
200mm*200mm*15mm*12m
- Highlight: **Q235 Hot Dip Galvanized Angle Steel,**
L hot dip galvanized angle steel ,
Flat hot dip galvanized angle steel

Product Description

Q235 L-shaped profile flat angle steel Hot Dip Galvanized Angle Steel 200mm*200mm*15mm*12m

Product Description:

The Steel Angle product is perfect for use in various applications such as beams, bridges, transmission towers, ships, and many more. The right angle shape of this product makes it an excellent choice for providing structural support to buildings and infrastructure. It is also ideal for use in manufacturing, where precision and accuracy are crucial.

The Steel Angle product is highly versatile and can be used in various industries and applications. The hot rolled technique used to create this product ensures that it is strong and durable, making it perfect for use in heavy-duty applications. The product is also easy to work with, making it a popular choice among engineers and architects.

When it comes to construction and structural support, the Steel Angle product is a must-have. Its right angle shape provides excellent support, making it ideal for use in building frames, trusses, and other structures. The product is also corrosion-resistant, making it perfect for use in outdoor applications.

In conclusion, the Steel Angle product is an essential component in the construction industry. Its hot rolled technique ensures its durability and strength, while its right angle shape makes it perfect for providing structural support. Whether you need it for beams, bridges, transmission towers, or ships, the Steel Angle product is a versatile and reliable choice.

Features:

Product Name: Steel Angle

Shipping: Shipped By Container/break Bulk

Weight: Customizable

Features: High Strength/Corrosion Resistant

Use: Beam, Bridge, Transmission Tower, Ship Etc

Width: Customizable

Material Options: Galvanized Steel Angle, Mild Steel Angle Brackets Metal, 304 Stainless Steel Angle Valve

Technical Parameters:

Type	equal angle steel, unequal angle steel	
Standard	GB/T9787-88, JIS G3192:2000, JIS G3101:2004, BS EN10056-1:1999, BS EN10025-2:2004	
Materials	Q235B, Q345B, SS400, SS540, S235JR, S235JO, S235J2, S275JR, S275JO, etc.	
Thickness	3-24mm	
Length	1-12 m, or as requirements	
Equal Angle	Size	20-200mm
	Weight	0.597-71.168kg/m
Unequal Angle	Size	25*16-200*125mm
	Long Side	20-200mm
	Short Side	16-125mm
	Weight	1.687-43.588kg/m
Surface Treatment	oil, black, galvanized, painted	
Technique	hot rolled/cold rolled/galvanized	
Packing	with bundle, as per standard seaworthy package or as customer's requirement	
Application	widely used in various building structure and engineering structure, such as the beam, bridges, transmission tower, lifting transportation machinery, ship, industrial furnace, reaction tower and container frame etc.	

Angle steel is also known as I shaped angle steel bar or angle iron steel. The angle steel bar is commonly used in construction and structural support.

Applications:

The BAODU Angle Steel product is made from high-quality steel materials that are sourced from trusted suppliers in the Hebei province of China. All of our angle steel bars are manufactured using the latest hot rolling techniques, ensuring that each product is of the highest quality and meets the strictest industry standards.

BAODU Steel Angle is certified to meet the ISO9001:2008 and SGS certification standards, ensuring that every product is manufactured to the highest quality standards possible. We offer a minimum order quantity of 1 ton, and our pricing is always reasonable, making it affordable for businesses of all sizes to take advantage of our high-quality angle steel products.

The BAODU Steel Angle product is available in a variety of different packaging options, including export standard packing or customized packaging options according to your specific requirements. We offer fast delivery times, with an average lead time of 21 days, and we accept a variety of payment methods, including L/C, D/A, D/P, T/T, Western Union, and MoneyGram.

With a monthly supply capacity of 40000 Ton/Tons, we can easily accommodate even the largest orders for our angle steel products. Our hot rolled technique ensures that each product is manufactured to the highest quality standards, while our shipping options include container and break bulk shipping, making it easy and convenient to get your products to their destination.

The BAODU Steel Angle product is ideal for use in a wide range of applications across the construction industry, including structural support, framing, and more. Our products come in a variety of different shapes, including right angles, and we offer both galvanized angle steel and stainless angle steel options to meet your specific needs and requirements.

Customization:

Our steel angle product is certified with ISO9001:2008 and SGS. The minimum order quantity for this product is 1 ton and the price is reasonable. We offer export standard packing or packaging according to customers' requirements. The delivery time for this product is 21 days and we accept payment terms such as L/C, D/A, D/P, T/T, Western Union, and MoneyGram.

BAODU has a supply ability of 40000 Ton/Tons per Month. Our steel angle product is manufactured in Hebei, China and is of high quality. Contact us today for your steel angle customization needs!

Support and Services:

The Steel Angle product technical support and services include:

[Consultation on product selection and application](#)

[Assistance with product installation and maintenance](#)

[Troubleshooting and problem-solving](#)

Technical documentation and specifications
Training and education on product use and safety
Warranty and repair services

Packing and Shipping:

FAQ:

- A: The brand name of this product is BAODU.
Q: What is the model number of this product?
A: The model number of this product is Angle Steel.
Q: Where is this product manufactured?
A: This product is manufactured in Hebei, China.
Q: Does this product have any certifications?
A: Yes, this product is certified with ISO9001:2008 and SGS.
Q: What is the minimum order quantity for this product?
A: The minimum order quantity for this product is 1 ton.
Q: What is the price of this product?
A: The price of this product is reasonable.
Q: What are the packaging details for this product?
A: The packaging details for this product are export standard packing or according to customers' requirement.
Q: What is the delivery time for this product?
A: The delivery time for this product is 21 days.
Q: What are the payment terms for this product?
A: The payment terms for this product are L/C, D/A, D/P, T/T, Western Union, and MoneyGram.
Q: What is the supply ability for this product?
A: The supply ability for this product is 40000 Ton/Tons per month.
