

Durable Acoustic Insulation Modern Design Glass Fiber Sandwich Panel For Total Solution Project

Our Product Introduction

for more products please visit us on baodupanel.com

Basic Information

- Place of Origin: Hebei,China
- Brand Name: BAODU
- Certification: CE
- Model Number: Glasswool Sandwich Panel
- Minimum Order Quantity: Discussible
- Price: Reasonable
- Packaging Details: In general, for steel structure , we use the steel frame packing to keep goods not to be broken . For sandwich panel and color steel sheet, we use the plastic packing . If the clients need special packing will according to their requirements.
- Delivery Time: 15days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 5000 Square Meters per Day

Product Specification

- Product Name: Durable Acoustic Insulation Modern Design Glass Fiber Sandwich Panel For Total Solution Project
- Keyword: Glass Wool Sandwich Panel
- Panel Type: Glasswool Sandwich Panel
- Project Solution Capability: Graphic Design 3D Model Design Total Solution For Project
- Length: Customized
- Sample: Free Sample
- Design Style: Modern
- Thickness: 50mm 75mm 80mm 100mm 125mm 150mm 200mm
- MOQ: Customized
- Warranty: More Than 50 Years

Durable Acoustic Insulation Modern Design Glass Fiber Sandwich Panel for Total Solution Project

Product Description:

Our Glasswool Sandwich Panel is a type of panel that is made up of two layers of metal sheets with an insulated core in between. The core of the panel is made of Glasswool, a high-quality thermal insulation material that is known for its excellent performance in thermal insulation, sound insulation, and fire resistance. With its high density of 64kg/m³, our Glasswool Sandwich Panel can provide excellent thermal insulation and soundproofing, making it an ideal choice for various applications.

One of the main advantages of our Glasswool Sandwich Panel is its fireproof feature. Being a fireproof glass wool sandwich panel, it can withstand high temperatures and prevent the spread of fire, making it a safe choice for buildings and structures. It is also waterproof, which means that it can resist water and moisture, making it an ideal choice for areas with high humidity or rainfall.

Our Glasswool Sandwich Panel is also soundproof, making it an excellent choice for buildings or structures that require sound insulation. It can effectively reduce noise levels, creating a more comfortable and peaceful environment. Additionally, it is an eco-friendly product, which means that it is environmentally safe and does not harm the environment.

The surface treatment of our Glasswool Sandwich Panel is customizable, so you can choose the finish that will best suit your needs. You can choose from different colors, textures, and patterns, allowing you to achieve the look that you want for your building or structure.

To sum it up, if you are looking for a fireproof glass wool sandwich panel that can provide excellent thermal insulation, soundproofing, waterproofing, and environmental protection, our Glasswool Sandwich Panel is the perfect choice for you. With its high-quality Glasswool material, customizable surface treatment, and excellent performance, it is an ideal choice for various applications.

Features:

This fireproof glass wool sandwich panel is perfect for your next project. The Glasswool Sandwich Panel provides a more than 50 year warranty and comes with online technical support and onsite installation. Its advantages include being fireproof, waterproof, soundproof, thermal insulation, and environmental. The length is customized to fit your specific needs with a MOQ also being customized. The Foam Color Steel Exterior Wall Roof is perfect for any building project.

Technical Parameters:

Allowable vertical load and thermal conductivity of BAODU new model fireproof glass wool roof sandwich panel (allowable deflection $f \leq L/200$)								
S(mm)	W/m ² K	G(kg)	P=KN/m ²	0.60	0.80	1.00	1.20	1.50
50	0.69	12.95	L(m)	3.74	3.23	2.86	2.57	2.23
70	0.47	14.50	L(m)	5.01	4.34	3.86	3.48	3.05
100	0.36	16.04	L(m)	6.21	5.32	4.73	4.28	3.75
125	0.34	17.06	L(m)	7.11	6.31	5.77	4.93	4.32
150	0.33	19.14	L(m)	8.00	6.94	6.18	5.58	4.89
200	0.30	22.78	L(m)	9.79	8.56	7.63	6.88	6.00

Applications:

BAODU Glasswool Sandwich Panel is a versatile product that offers a range of benefits including fire resistance, acoustic insulation, light weight, and thermal insulation. The product is manufactured in Hebei, China and is certified with CE.

The Glasswool Sandwich Panel is suitable for various application occasions and scenarios such as building warehouse roofing, wall and roof for building. It is widely used in construction for its fire resistance, glasswool acoustic light weight thermal insulation, and environmental friendly features.

BAODU Glasswool Sandwich Panel is an ideal solution for construction projects due to its graphic design and 3D model design capabilities. The product can provide a total solution for project needs, making it a popular choice for architects and builders alike.

One of the major advantages of the Glasswool Sandwich Panel is its fire resistance. The product is able to withstand high temperatures and is therefore ideal for use in areas that are prone to fire hazards. It is also waterproof, soundproof, and provides thermal insulation, making it suitable for use in a variety of environments.

The Glasswool Sandwich Panel is lightweight and easy to install, making it a cost-effective solution for construction projects. The product has a density of 64kg/m³ and can be ordered in discussible quantities. The price is reasonable and the product is packaged in steel frame or plastic packaging depending on the requirements of the client.

BAODU Glasswool Sandwich Panel has a supply ability of 5000 square meters per day and a delivery time of 15 days. The product can be purchased using a variety of payment terms including L/C, D/A, D/P, T/T, Western Union, and MoneyGram.

Overall, the Glasswool Sandwich Panel is an excellent choice for those in need of fire resistance glasswool acoustic light weight thermal insulation. The product is versatile and can be used in a variety of building applications, making it a popular choice for architects and builders alike.

Customization:

Our Glasswool Sandwich Panels are produced in Hebei, China, ensuring the highest quality and reliability. Our panels are CE certified and we offer a discussible minimum order quantity at a reasonable price.

We package our panels carefully to ensure they arrive in perfect condition. For steel structures, we use steel frame packing, and for sandwich panels and color steel sheets, we use plastic packing. If you require special packaging, we will be happy to accommodate your requirements.

Our Glasswool Sandwich Panels are designed to meet your needs. They offer fire resistance, waterproofing, soundproofing, and thermal insulation, making them an excellent choice for a wide range of projects. We offer online technical support and onsite installation to ensure your project is a success. Our project solution capability includes graphic design, 3D model design, and total solution for project.

Our Glasswool Sandwich Panels are available in a width of 1M and can be customized to your desired length. Contact us today to discuss your project requirements and let us help you create a building that is both functional and beautiful.

Support and Services:

- Installation guidance: Our team of experts can provide guidance on the proper installation process for the Glasswool Sandwich Panels to ensure that they are installed correctly and effectively.

- Maintenance advice: We can provide advice on the best ways to maintain the Glasswool Sandwich Panels to ensure their longevity and performance.

- Troubleshooting assistance: If you experience any issues with your Glasswool Sandwich Panels, our technical support team can provide troubleshooting assistance to help resolve the issue.

- Customization services: We can provide customization services to tailor the Glasswool Sandwich Panels to meet specific project requirements.

Our commitment to providing excellent technical support and services ensures that our customers are satisfied with their purchase and can rely on our products for their thermal insulation and fire resistance needs.

Packing and Shipping:

Product Packaging:

The Glasswool Sandwich Panel will be packed in high-quality, durable packaging material to ensure safe transportation.

The panels will be stacked and secured with straps to prevent any damage during transit.

The packaging will also be labeled with all necessary product information and handling instructions.

Shipping:

We offer worldwide shipping for our Glasswool Sandwich Panel product.

The shipping cost will be calculated based on the destination and quantity ordered.

We work with trusted shipping partners to ensure timely and safe delivery of our products.
