

## Hot Dip Galvanized Steel Structure Warehouse Hangar Construction Design Steel Concrete Panel Building Chinese Prefabricated

### Our Product Introduction

for more products please visit us on [baodupanel.com](http://baodupanel.com)

#### Basic Information

- Place of Origin: Hebei, China
- Brand Name: BAODU
- Certification: ISO9001, CE
- Model Number: Steel Warehouse
- Minimum Order Quantity: Discussible
- Price: Reasonable
- Packaging Details: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing will according to their requirements.
- Delivery Time: 21 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 10000 Square Meter/Square Meters per Month

#### Product Specification

- Product Name: Hot Dip Galvanized Steel Warehouse Hangar Construction Design Steel Concrete Panel Warehouse Building Chinese Steel Prefabricated Warehouse
- Surface Treatment: Hot Dip Galvanised Or Painted
- Installation: Easy
- Keyword: Steel Structure Building Warehouse
- Material: Steel
- Security: High
- Door: Sliding Door, Rolling Door, Shutter Single Door, Color Steel
- Window: Aluminum Alloy Window, Plastic Steel
- Processing Service: Bending, Welding, Decoiling, Cutting, Punching

## Product Description

### Hot Dip Galvanized Steel Warehouse Hangar Construction Design Steel Concrete Panel Warehouse Building Chinese Steel Prefabricated Warehouse

#### Product Description:

This Light Steel Structure warehouse is built to last and can withstand harsh weather conditions, making it ideal for industrial use. The steel framework ensures that the building can withstand high winds, heavy snow loads, and earthquakes. The durability of this product makes it a cost-effective solution for businesses that require a reliable and sturdy warehouse.

The Prefab Steel Warehouse is a type of Light Steel Structure that is easy to install and requires minimal maintenance. The steel components are prefabricated off-site and delivered to the construction site, where they are assembled. The installation process is quick and efficient, reducing the overall construction time and costs. The building requires minimal maintenance, saving businesses time and money in the long run.

In conclusion, the Prefab Steel Warehouse is a durable, reliable, and cost-effective solution for businesses that require a sturdy and secure storage facility. Its high-grade steel construction, surface treatment, customizable door options, and ease of installation and maintenance make it an ideal choice for industrial use.

#### Features:

main steel frame	H section steel beam and columns, galvanized C section ,Q345, Q235, Q345B, Q235B etc.	Secondary frame	hot dip galvanized C purlin , steel bracing , tie bar , knee brace , edge cover etc.
Roof panel	EPS sandwich panel, glass fiber sandwich panel, rock wool sandwich panel, and PU sandwich panel or steel sheet	Wall panel	EPS, Mineral wool, PU sandwich, corrugated steel sheet
Tie Rod	Circular Steel Tube	Brace	Round Bar
Knee Brace	Angle Steel	Roof Gutter	Color Steel Sheet
Door:	Rolled up door or Sliding door	Window:	Plastic steel or Aluminum alloy window
Surface:	Hot dip galvanized or painted	Crane:	5MT, 10MT, 15MT and more

#### Technical Parameters:

If you are interested in our steel structure , please give us the following information:

- 1 Location (where will be built? ) \_\_\_\_\_country, area
- 2 Size: Length\*width\*height \_\_\_\_\_mm\*\_\_\_\_\_mm\*\_\_\_\_\_mm
- 3 wind load (max. Wind speed) \_\_\_\_\_kn/m2, \_\_\_\_\_km/h, \_\_\_\_\_m/s
- 4 snow load (max. Snow height) \_\_\_\_\_kn/m2, \_\_\_\_\_mm
- 5 anti-earthquake \_\_\_\_\_level
- 6 brickwall needed or not If yes, 1.2m high or 1.5m high
- 7 thermal insulation If yes, EPS, fiberglass wool, rockwool, PU sandwich panels will be suggested; If not, the metal steel sheets will be ok. The cost of the latter will be much lower than that of the former.
- 8 door quantity & size \_\_\_\_\_units, \_\_\_\_\_(width)mm\*\_\_\_\_\_ (height)mm
- 9 window quantity & size \_\_\_\_\_units, \_\_\_\_\_(width)mm\*\_\_\_\_\_ (height)mm
- 10 crane needed or not If yes, \_\_\_\_\_units, max. Lifting weight \_\_\_\_\_tons; Max. Lifting height \_\_\_\_\_m.

## Applications:

**Steel warehouse workshop:** The BAODU Steel Warehouse is perfect for use as a steel warehouse workshop. It can be used to store equipment, materials, and products. The product's gable frame Steel Structure design provides ample space for storage and can be customized to meet specific storage needs.

**Hangar hall:** The durability and strength of the BAODU Steel Warehouse make it an excellent choice for a hangar hall. It is suitable for storing planes, helicopters, and other aircraft. The product's high fire resistance makes it a safe storage option for aircraft.

**Prefab Warehouse Construction:** The BAODU Steel Warehouse is an ideal product for prefab warehouse construction. It is easy to install and requires minimal maintenance. The product's low maintenance and high fire resistance make it a cost-effective and safe option for prefab warehouse construction.

The BAODU Steel Warehouse is designed and manufactured in Hebei, China, and is certified with ISO9001 and CE. The product has a reasonable price, and the minimum order quantity is discussible. The packaging details for the product vary depending on the materials used. In general, for steel structure, the product is packed in steel frames to prevent damage. For sandwich panels and color steel sheets, plastic packaging is used. If clients require special packaging, it can be customized to meet their requirements.

The delivery time for the product is 15-21 days, and payment terms include L/C, D/A, D/P, T/T, Western Union, and MoneyGram. The product has a supply ability of 10,000 Square Meter/Square Meters per month. The product comes with aluminum alloy windows and plastic steel, making it easy to install.

## Project Cases:

**Gas Turbine Combined Cycle Power Station Expansion Project in Basra Iraq**

**Clean Coal Fired Power Plant Phase I (4x600mw net) Project in Hasyan Dubai**

**2 \* 1000MW Supercritical Power Plant Phase III Expansion Project in China**

## Support and Services:

Our Prefab Steel Warehouse product comes with comprehensive technical support and services to ensure that you have a hassle-free experience with our product. Our team of experts is available to assist you with any technical queries, installation advice, and maintenance concerns that you may have.

We offer the following technical support and services:

Pre-installation consultation to ensure that our product meets your specific requirements.

Installation support to ensure that the product is installed correctly and safely.

Ongoing maintenance support to ensure that the product remains in optimal condition.

24/7 customer service support to address any urgent concerns or queries.

Our technical support and services are designed to provide you with peace of mind and ensure that you get the most out of our Prefab Steel Warehouse product. Please feel free to contact us if you have any questions or concerns.

## Packing and Shipping:

Product Packaging:

The prefab steel warehouse will be packed in steel frames.

All the parts will be securely fastened and wrapped in steel box to prevent damage during transportation.

The package will also include assembly instructions and necessary hardware.

Shipping:

The prefab steel warehouse will be shipped via freight carrier.

The carrier will be responsible for delivering the package to the customer's specified address.

Customers can track their shipment online using the provided tracking number.

Delivery times may vary depending on the customer's location and carrier availability.

## FAQ:

Q: What is the brand name of the product?

A: The brand name of this product is BAODU.

Q: What is the model number of the product?

A: The model number of this product is Steel Warehouse.

Q: Where is the product manufactured?

A: This product is manufactured in Hebei, China.

Q: Does the product have any certifications?

A: Yes, this product is certified by ISO9001 and CE.

Q: What are the payment terms accepted for this product?

A: We accept L/C, D/A, D/P, T/T, Western Union, and MoneyGram.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity for this product is discussible.

Q: What is the price of this product?

A: The price of this product is reasonable.

Q: What are the packaging details for this product?

A: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing, we will pack according to their requirements.

Q: What is the delivery time for this product?

A: The delivery time for this product is 21 days.

Q: What is the supply ability for this product?

A: The supply ability for this product is 10000 Square Meter/Square Meters per month.
