### Product Specification

- Product Name: Industrial Warehouse Workshop Hangar Hall Steel Structure Steel Structure Prefabricated Warehouse Workshop Industrial Light Steel Easy To Install Steel Structure Warehouse
- Window: Aluminum Alloy Window, Plastic Steel
- Tolerance:  $\pm 1\%$
- Roof & Wall Panel: Color Steel Veneer, Rockwool Sandwich Panel, PU Sandwich Panel Etc
- Surface Treatment: Hot Dip Galvanised Or Painted
- Security: High
- Fire Resistance: High
- Keyword: Steel Structure Building Warehouse
- Highlight: **hangar hall steel structure, Industrial Steel warehouse workshop,**

## Product Description

### Industrial Warehouse Workshop Hangar Hall Steel Structure Steel Structure Prefabricated Warehouse Workshop Industrial Light Steel Easy To Install Steel Structure Warehouse

#### Product Description:

This product is processed with precision using various services such as bending, welding, decoiling, cutting, and punching. The tolerances of this product are  $\pm 1\%$ , which ensures that the final product is of high quality and meets your specific requirements. The fire resistance of this prefab warehouse construction is high, providing a safe environment for your employees and assets. This is a crucial feature for businesses that handle flammable materials or products. The maintenance of this prefab steel warehouse is low, which means you can focus on your business operations instead of worrying about upkeep costs. The durability of this product ensures that it can withstand harsh weather conditions and general wear and tear. The Prefab Steel Warehouse is an excellent investment for your business. It provides a reliable and cost-effective solution for your storage and manufacturing needs. The gable frame design and processing services used in the construction of this product ensure that it is of high quality and meets your specific requirements. The high fire resistance and low maintenance of this product make it a safe and practical choice for your business.

#### Features:

Name	Steel Structure Building	
Main Material	Q235 - Q420 Welded H Beam And Hot Rolled Section Steel	
Surface	Painting Or Galvanizing	
Roof And Wall Panel	EPS Sandwich Board, Single Corrugated Steel Plate, Glass Cotton Colored Board for Customers' Choice	
Window	PVC Or Aluminum Alloy	
Door	Sliding Door Or Rolling Shutter Door	
Service	Design	We have experienced designers to design.
	Manufacture	We can manufacture all kinds of steel structure products according to customers' needs.
	Installation	We provide detailed drawings to ensure installation. It also provides installation, supervision and training services. We can also send a team of engineers to guide or install on site.
Packing	1. Steel structure components will be in nude packaging with proper protection. .Sandwich panels will be covered with plastic film. 3. Bolts and other accessories will be loaded into wooden boxes. 4. Container Drying Treatment. 5. According to customer's requirement	
Quality Inspection	Factory Self-inspection Customer Inspection Third Party Inspection	

#### Technical Parameters:

If you are interested in our steel structure, please give us the following information:

- 1 Location (where will be built?) \_\_\_\_\_ country, area
- 2 Size: Length\*width\*height \_\_\_\_\_mm\*\_\_\_\_\_mm\*\_\_\_\_\_mm
- 3 wind load (max. Wind speed) \_\_\_\_\_kn/m2, \_\_\_\_\_km/h, \_\_\_\_\_m/s
- 4 snow load (max. Snow height) \_\_\_\_\_kn/m2, \_\_\_\_\_mm
- 5 anti-earthquake \_\_\_\_\_level
- 6 brickwall needed or not If yes, 1.2m high or 1.5m high
- 7 thermal insulation If yes, EPS, fiberglass wool, rockwool, PU sandwich panels will be suggested; If not, the metal steel sheets will be ok. The cost of the latter will be much lower than that of the former.
- 8 door quantity & size \_\_\_\_\_units, \_\_\_\_\_(width)mm\*\_\_\_\_\_ (height)mm
- 9 window quantity & size \_\_\_\_\_units, \_\_\_\_\_(width)mm\*\_\_\_\_\_ (height)mm
- 10 crane needed or not If yes, \_\_\_\_\_units, max. Lifting weight \_\_\_\_\_tons; Max. Lifting height \_\_\_\_\_m.

### Applications:

BAODU Steel Warehouse is a high-quality prefab warehouse construction solution that is perfect for various scenarios. It is made of steel material and has a low maintenance requirement. It is certified with ISO9001 and CE, ensuring its high quality. The model number is Steel Warehouse, and it is manufactured in Hebei, China, with a supply ability of 10000 Square Meters per Month.

The prefab warehouse construction is suitable for various product application occasions, such as warehouse storage, workshop industrial steel, and prefab warehouse construction. It is perfect for businesses and companies that require a large space for storing goods or conducting manufacturing operations. The model is also suitable for construction sites that require a temporary or permanent steel structure.

The steel warehouse is customizable according to the customer's needs, and the processing service includes bending, welding, decoiling, cutting, and punching. It has a tolerance of  $\pm 1\%$  and is available in different sizes. The packaging details are carefully considered to prevent any damages during transportation. For steel structure, the goods are packed using the steel frame, while sandwich panel and color steel sheet are packed using plastic packing. Special packing is also available upon the client's request.

The delivery time for the steel warehouse is 21 days, and the payment terms include L/C, D/A, D/P, T/T, Western Union, and MoneyGram. The minimum order quantity is discussible, and the price is reasonable. The windows are made of aluminum alloy or plastic steel, depending on the client's preference.
