

High Quality Large Span Metal Building Space Prefab Steel Structure Warehouse Workshop With Color Steel Plate

Our Product Introduction

for more products please visit us on baodupanel.com

Basic Information

- Place of Origin: Hebei, China
- Brand Name: BAODU
- Certification: ISO9001, CE
- Model Number: Steel Warehouse
- Minimum Order Quantity: Discussible
- Price: Reasonable
- Packaging Details: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing will according to their requirements.
- Delivery Time: 21 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 10000 Square Meter/Square Meters per Month

Product Specification

- Product Name: High Quality Large Span Metal Building Space Prefab Steel Structure Warehouse Workshop With Color Steel Plate
- Fire Resistance: High
- Maintenance: Low
- Door: Sliding Door, Rolling Door, Shutter Single Door, Color Steel
- Processing Service: Bending, Welding, Decoiling, Cutting, Punching
- Tolerance: $\pm 1\%$
- Type: Light Steel Structure
- Feature: Long Fatigue Life
- Surface Treatment: Hot Dip Galvanised Or Painted
- Keyword: Steel Warehouse

Product Description

High Quality Large Span Metal Building Space Prefab Steel Structure Warehouse Workshop With Color Steel Plate

Product Description:

Our Steel Structure Building Warehouse offers various options for the roof and wall, including corrugated, EPS, PU, Rock Wool, and glass wool. The choice of materials depends on your specific needs and preferences. We use only the best quality materials to ensure that the structure is built to last.

Our team of experienced engineers and designers uses top-of-the-line software, such as SAP2000, AutoCAD, PKPM, 3D3S, and TEKLA, to create precise and accurate drawings for your Steel Structure Building Warehouse. We work with you every step of the way to ensure that the design meets your expectations and requirements.

The roof and wall panels of the Steel Structure Building Warehouse come in various options, such as color steel veneer, rockwool sandwich panel, PU sandwich panel, and more. These panels are not only durable but also provide excellent insulation, making the structure energy-efficient and cost-effective in the long run.

In summary, our Steel Structure Building Warehouse is a durable and secure solution for your warehouse, workshop, hangar, or hall needs. With various options for roof and wall materials, precise drawing design, and high-quality roof and wall panels, this structure is built to last and provide maximum security for your assets.

Features:

Advantages of Steel Structures:

1. **Strength and Durability:** Steel has a high strength-to-weight ratio, making it capable of supporting heavy loads while being relatively lightweight. It also resists deformation and can withstand harsh environmental conditions.
2. **Versatility:** Steel can be molded into various shapes and sizes, allowing for innovative and flexible designs in architecture and construction.
3. **Speed of Construction:** Pre-fabricated steel components can be quickly assembled on-site, reducing construction time significantly compared to traditional materials.
4. **Cost-Effectiveness:** Although the initial material cost may be higher, steel structures often result in lower overall project costs due to faster construction times and lower maintenance requirements.
5. **Sustainability:** Steel is recyclable, making it an environmentally friendly option. Additionally, using steel can reduce waste during the construction process.
6. **Fire Resistance:** Steel structures can be treated with fire-resistant coatings, improving their performance in fire situations compared to other materials.

Technical Parameters:

Name	Steel Structrue Building	
Main Material	Q235 - Q420 Welded H Beam And Hot Rolled Section Steel	
Surface	Painting Or Galvanizing	
Roof And Wall Panel	EPS Sandwich Board, Single Corrugated Steel Plate, Glass Cotton Colored Board for Customers'Choice	
Window	PVC Or Aluminum Alloy	
Door	Sliding Door Or Rolling Shutter Door	
Service	Design	We have experienced designers to design.
	Manufacture	We can manufacture all kinds of steel structure products according to customers'needs.
	Installation	We provide detailed drawings to ensure installation. It also provides installation, supervision and training services. We can also send a team of engineers to guide or install on site.

Packing	1. Steel structure components will be in nude packaging with proper protection. .Sandwich panels will be covered with plastic film. 3. Bolts and other accessories will be loaded into wooden boxes. 4. Container Drying Treatment. 5. According to customer's requirement
Quality Inspection	Factory Self-inspection Customer Inspection Third Party Inspection

Applications:

BAODU Steel Warehouse is a popular choice for prefab warehouse construction due to its high-quality materials, easy installation, and low maintenance. This product is manufactured in Hebei, China and has ISO9001 and CE certifications, ensuring its excellent quality and safety standards.

The Steel Warehouse is versatile and can be used for various industrial purposes such as workshop industrial steel buildings and storage facilities. It is suitable for both small and large businesses and can be customized according to your specific needs. The product's steel frame is packaged to ensure that it is not broken during transportation, while sandwich panels and color steel sheets are packed using plastic materials.

BAODU Steel Warehouse has a reasonable price and delivery time takes 21 days. The payment terms accepted are L/C, D/A, D/P, T/T, Western Union, and MoneyGram. The product has a supply ability of 10,000 square meters per month. Drawing designs can be done using SAP2000/AutoCAD/PKPM/3D3S/TEKLA.

The Steel Warehouse is designed to be fire-resistant and can withstand harsh weather conditions, making it a reliable choice for long-term use. The roof and wall panels of the warehouse are made using high-quality materials such as color steel veneer, rockwool sandwich panel, and PU sandwich panel. These materials are durable and offer excellent insulation properties.

Overall, the BAODU Steel Warehouse is an ideal solution for prefab warehouse construction, offering easy installation, low maintenance, and high-quality materials at a reasonable price. The minimum order quantity is discussible, making it a flexible option for businesses of all sizes.

Customization:

Steel structure warehouse

Steel structure factory building

Steel structure building

Steel structure garage/hangar

Steel structure house

Steel structure livestock house

- 1) Cost saving and transportation convenient, customer design available.
- 2) The main beam and column are qualified steel.
- 3) The steel structure makes the house resisting heavy wind of 140km/h and 8 grade earthquake.
- 4) Good ability to assemble and disassemble for several times without damage.
- 5) Widly used in construction site,office building,dormitory etc.
- 6) Environmental protection effect is good. Steel structure housing construction greatly reduces the sand, stone, the dosage of the ash, used materials mainly green, recyclable or degradation materials, building dismantled, most of the material can be recycled or degradation, won't cause much rubbish.

Support and Services:

Our prefab steel warehouse product comes with comprehensive technical support and services to ensure your project is a success. Our team of experts is available to assist with any questions or concerns you may have throughout the entire process, from design to installation.

We also offer a range of services to help streamline the construction process and ensure that your prefab steel warehouse is built to the highest standards. These services include:

Site preparation

Foundation design and installation

Structural engineering

Permitting assistance

Logistics coordination

Installation supervision

Our goal is to make the process of building your prefab steel warehouse as smooth and hassle-free as possible, so you can focus on your business.

Packing and Shipping:

Product Packaging:

The prefab steel warehouse will be packaged in a secure and durable manner to ensure safe transportation. The parts will be carefully wrapped and protected to prevent any damage during transit.

Shipping:

The prefab steel warehouse will be shipped to the customer's location via a reliable and efficient shipping service. The shipping cost will be included in the total price of the product. The estimated delivery time will be provided to the customer upon purchase.

FAQ:

Q: What is the Brand Name of this product?

A: The brand name of this product is BAODU.

Q: What is the Model Number of this product?

A: The Model Number of this product is Steel Warehouse.

Q: Where is the Place of Origin of this product?

A: The Place of Origin of this product is Hebei, China.

Q: What certifications does this product have?

A: This product is certified with ISO9001 and CE.

Q: What is the Minimum Order Quantity for this product?

A: The Minimum Order Quantity for this product is discussible.

Q: What is the Price of this product?

A: The price of this product is reasonable.

Q: What are the Packaging Details for this product?

A: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing, it will be according to their requirements.

Q: What is the Delivery Time for this product?

A: The Delivery Time for this product is 21 days.

Q: What are the Payment Terms for this product?

A: The Payment Terms for this product include L/C, D/A, D/P, T/T, Western Union, and MoneyGram.

Q: What is the Supply Ability for this product?

A: The Supply Ability for this product is 10000 Square Meter/Square Meters per Month.
