- Supply Ability: 10000 Square Meter/Square Meters per Month

Product Specification

- Product Name: Prefabricada Edificio Prefabricado Edificios Metalicos Prefabricated Steel Structure Warehouse
- Drawing Design: SAP2000/AutoCAD /PKPM /3D3S/TEKLA
- Processing Service: Bending, Welding, Decoiling, Cutting, Punching
- Surface Treatment: Hot Dip Galvanised Or Painted
- Security: High
- Durability: High
- Purlin: C.Z Shape Steel
- Material: Steel
- Weather Resistance: High
- Keyword: Steel Warehouse
- Highlight: Backward Sandwich Panel Prefab Warehouse

Product Description

Prefabricada Edificio Prefabricado Edificios Metalicos Prefabricated Steel Structure Warehouse

Product Description:

Our steel warehouse is manufactured with high-quality materials and is engineered to be accurate to within $\pm 1\%$ tolerance. We offer various processing services including bending, welding, decoiling, cutting, and punching to ensure that your steel warehouse is customized to meet your specific needs.

One of the key features of our prefab steel warehouse is its purlin, which is made of C.Z shape steel. This type of purlin offers superior strength and durability, ensuring that your warehouse remains stable and secure for years to come.

Our prefab warehouse construction is quick and easy to assemble, reducing construction time and minimizing disruption to your business operations. Our team of experts will work with you to design and customize your steel warehouse to meet your specific requirements.

Whether you need a steel warehouse for storage, manufacturing, or distribution, our prefab steel warehouse is the perfect solution. With its high security, long fatigue life, and customizable features, you can rest assured that your storage needs will be met with our prefab warehouse construction.

Features:

main steel frame	H section steel beam and columns, galvanized C section ,Q345, Q235, Q345B, Q235B etc.	Secondary frame	hot dip galvanized C purlin , steel bracing , tie bar , knee brace , edge cover etc.
Roof panel	EPS sandwich panel,glass fiber sandwich panel,rock wool sandwich panel,and PU sandwich panel or steel sheet	Wall panel	EPS, Mineral wool, PU sandwich, corrugated steel sheet
Tie Rod	Circular Steel Tube	Brace	Round Bar
Knee Brace	Angle Steel	Roof Gutter	Color Steel Sheet
Door:	Rolled up door or Sliding door	Window:	Plastic steel or Aluminum alloy window
Surface:	Hot dip galvanized or painted	Crane:	5MT, 10MT, 15MT and more

Technical Parameters:

If you are interested in our steel structure , please give us the following information:

- 1 Location (where will be built?) ____country, area
- 2 Size: Length*width*height ____mm*____mm*____mm
- 3 wind load (max. Wind speed) ____kn/m2, ____km/h, ____m/s
- 4 snow load (max. Snow height)____kn/m2, ____mm
- 5 anti-earthquake ____level
- 6 brickwall needed or not If yes, 1.2m high or 1.5m high
- 7 thermal insulation If yes, EPS, fiberglass wool, rockwool, PU sandwich panels will be suggested; If not, the metal steel sheets will be ok. The cost of the latter will be much lower than that of the former.
- 8 door quantity & size ____units, ____ (width)mm*____ (height)mm
- 9 window quantity & size ____units, ____ (width)mm*____ (height)mm
- 10 crane needed or not If yes, ____units, max. Lifting weight____tons; Max. Lifting height ____m.

Applications:

Steel warehouse workshop: The BAODU Steel Warehouse is perfect for use as a steel warehouse workshop. It can be used to store equipment, materials, and products. The product's gable frame Steel Structure design provides ample space for storage and can be

customized to meet specific storage needs.

Hangar hall: The durability and strength of the BAODU Steel Warehouse make it an excellent choice for a hangar hall. It is suitable for storing planes, helicopters, and other aircraft. The product's high fire resistance makes it a safe storage option for aircraft.

Prefab Warehouse Construction: The BAODU Steel Warehouse is an ideal product for prefab warehouse construction. It is easy to install and requires minimal maintenance. The product's low maintenance and high fire resistance make it a cost-effective and safe option for prefab warehouse construction.

The BAODU Steel Warehouse is designed and manufactured in Hebei, China, and is certified with ISO9001 and CE. The product has a reasonable price, and the minimum order quantity is discussible. The packaging details for the product vary depending on the materials used. In general, for steel structure, the product is packed in steel frames to prevent damage. For sandwich panels and color steel sheets, plastic packaging is used. If clients require special packaging, it can be customized to meet their requirements.

The delivery time for the product is 15-21 days, and payment terms include L/C, D/A, D/P, T/T, Western Union, and MoneyGram. The product has a supply ability of 10,000 Square Meter/Square Meters per month. The product comes with aluminum alloy windows and plastic steel, making it easy to install.
