

Prefabricated Steel Warehouse Shed Metal Frame Modular High Quality Low Cost Metal Light Steel Mobile Warehouse

Our Product Introduction

for more products please visit us on baodupanel.com

Basic Information

- Place of Origin: Hebei, China
- Brand Name: BAODU
- Certification: ISO9001, CE
- Model Number: Steel Warehouse
- Minimum Order Quantity: Discussible
- Price: Reasonable
- Packaging Details: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing will according to their requirements.
- Delivery Time: 21 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 10000 Square Meter/Square Meters per Month

Product Specification

- Product Name: Prefabricated Steel Warehouse Shed Metal Frame Modular High Quality Low Cost Metal Light Steel Mobile Warehouse
- Processing Service: Bending, Welding, Decoiling, Cutting, Punching
- Installation: Easy
- Application: Steel Storage, factory Or Logistic Warehouse
- Feature: Long Fatigue Life
- Tolerance: $\pm 1\%$
- Security: High
- Door: Sliding Door, Rolling Door, Shutter Single Door, Color Steel
- Durability: High
- Keyword: Steel Warehouse

Product Description

Prefabricated Steel Warehouse Shed Metal Frame Modular High Quality Low Cost Metal Light Steel Mobile Warehouse

Product Description:

One of the key features of our prefab steel warehouse is the use of C.Z shape steel purlin. This type of purlin offers superior load-bearing capabilities and stability, making it an ideal choice for industrial steel structures. Additionally, our steel warehouse is designed with a tolerance of $\pm 1\%$, ensuring that all components fit together perfectly and meet your exact specifications.

At our company, we understand that time is critical when it comes to industrial steel construction projects. That's why we offer fast delivery times, with most orders fulfilled within 15-21 days. Whether you need a small prefab warehouse or a large workshop industrial steel solution, we have the expertise and resources to meet your needs.

In addition to our fast delivery times, our prefab steel warehouse also offers a range of other benefits. For starters, steel is a highly durable and low-maintenance material, making it an ideal choice for industrial applications. Additionally, our steel warehouse is designed to be easy to assemble and disassemble, making it a cost-effective and versatile solution for your industrial steel needs.

So if you're in need of a reliable and high-quality prefab warehouse construction solution, look no further than our light steel structure prefab steel warehouse. With our fast delivery times, durable materials, and expert design, we're confident that we can meet your needs and exceed your expectations.

Features:

Material list	
Project sample	Steel structure warehouse
Building size	Such as 78*30*8.5 m/ customized
Main steel structure	
Steel column	H(300-550)*200*6*10 mm , steel Q345
Steel beam	H(300-550)*180*6*8 mm, H 300*180*6*8 mm, steel Q345
Second steel structure	
Roof purline	C180*75*50*2.5 mm
Wall purline	C180*75*50*2.5 mm
Cross support	20 round steel bar, steel Q 235
Column bracing	20 round steel bar, steel Q 235
Angle brace	L 50*4 Angle steel , steel Q 235
Tie bar	89*3 mm, steel Q235

Roof and wall panel	
Roof panel	50/80/100/120/150/200 mm sandwich panel (EPS, PU, Rock wool, Glass wool)
Wall panel	50/75/100/120/150/200 mm sandwich panel (EPS, PU, Rock wool, Glass wool)
Rolling up door	Automatic rolling up door
Single wing door	Sandwich panel door
Window	Aluminum/ PVC sliding window with single glass
Fittings	Glass adhesive, self-tapping screw, etc
Other fittings	
Embedded	M 24 steel Q 235, process
Intensive bolt	Grade 10.9
Ordinary bolt	Grade 4.85

Technical Parameters:

If you are interested in our steel structure , please give us the following information:

- 1 Location (where will be built?) _____country, area
- 2 Size: Length*width*height _____mm*_____mm*_____mm
- 3 wind load (max. Wind speed) _____kn/m2, _____km/h, _____m/s
- 4 snow load (max. Snow height) _____kn/m2, _____mm
- 5 anti-earthquake _____level
- 6 brickwall needed or not If yes, 1.2m high or 1.5m high
- 7 thermal insulation If yes, EPS, fiberglass wool, rockwool, PU sandwich panels will be suggested; If not, the metal steel sheets will be ok. The cost of the latter will be much lower than that of the former.
- 8 door quantity & size _____units, _____(width)mm*_____(height)mm
- 9 window quantity & size _____units, _____(width)mm*_____(height)mm
- 10 crane needed or not If yes, _____units, max. Lifting weight_____tons; Max. Lifting height _____m.

Applications:

Steel structure buildings serve a wide range of purposes, including warehouses, workshops, factories, cold storage facilities, high-rise buildings, shopping malls, power plants, distribution centers, pedestrian bridges, steel-structured hotels, prefabricated public schools, sports arenas and halls, car parking centers, airplane hangars and aviation facilities, church buildings and community centers, poultry farms, agricultural buildings and barns, storage sheds, self-storage buildings, greenhouses, garages, commercial buildings, industrial facilities, and much more.

BAODU Steel Warehouse is a versatile product that can be used for many different purposes. It is ideal for building galvanized storage light steel buildings, gable frame steel structures, and more. As a result, it is suitable for use in various occasions and scenarios such as:

Industrial parks

Commercial buildings

Residential buildings

Warehouses and storage facilities

Workshops and factories

With a processing service that includes bending, welding, decoiling, cutting, and punching, this product can be customized to meet the specific needs of different customers. The steel used in this product is of high grade Q235 and Q355, which ensures that it is durable and long-lasting. Additionally, it has a tolerance of $\pm 1\%$, which makes it a reliable product.

Customization:

- 1) Cost saving and transportation convenient, customer design available.
- 2) The main beam and column are qualified steel.
- 3) The steel structure makes the house resisting heavy wind of 140km/h and 8 grade earthquake.
- 4) Good ability to assemble and disassemble for several times without damage.
- 5) Widly used in construction site, office building, dormitory etc.
- 6) Environmental protection effect is good. Steel structure housing construction greatly reduces the sand, stone, the dosage of the ash, used materials mainly green, recyclable or degradation materials, building dismantled, most of the material can be recycled or degradation, won't cause much rubbish.

Support and Services:

Our Prefab Steel Warehouse product comes with comprehensive technical support and services to ensure that our customers can optimize the use of their warehouse facility. Our technical support team is available to assist with any questions or issues that may arise during the installation or operation of the warehouse, providing expert guidance and advice. In addition, we offer a range of services to help our customers get the most out of their warehouse, including custom design and engineering, project management, installation and commissioning, maintenance and repair, and training and education. Our aim is to provide a complete solution to our customers' warehouse needs, and we are committed to delivering exceptional quality and value in everything we do.

Packing and Shipping:

Product Packaging:

The steel components will be packaged in bundles and securely fastened.

All parts will be labeled for easy identification during assembly.

Small parts and hardware will be packaged separately.

The entire package will be wrapped in protective material to prevent damage during transportation.

Shipping:

The product will be shipped via truck or container.

Shipping arrangements will be made by the seller and communicated to the buyer.

The buyer will be responsible for unloading the product upon delivery.

Delivery times will depend on the buyer's location and any customs requirements.

The seller will provide all necessary documentation for customs clearance.

FAQ:

Q: What is the brand name of this product?

A: The brand name of this product is BAODU.

Q: What is the model number of this product?

A: The model number of this product is Steel Warehouse.

Q: What is the place of origin of this product?

A: The place of origin of this product is Hebei, China.

Q: What certifications does this product have?

A: This product has ISO9001 and CE certifications.

Q: What are the payment terms for this product?

A: The payment terms for this product are L/C, D/A, D/P, T/T, Western Union, and MoneyGram.

Q: What is the delivery time for this product?

A: The delivery time for this product is 21 days.

Q: What is the packaging details for this product?

A: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing, we will according to their requirements.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity for this product is discussible.

Q: What is the supply ability for this product?

A: The supply ability for this product is 10,000 square meters per month.

Q: What is the price range of this product?

A: The price of this product is reasonable and can be discussed.
