

## Building Galvanized Storage Light Steel Structure Office Prefabricated Light Steel Frame Structure

### Our Product Introduction

for more products please visit us on [baodupanel.com](http://baodupanel.com)

#### Basic Information

- Place of Origin: Hebei, China
- Brand Name: BAODU
- Certification: ISO9001, CE
- Model Number: Steel Warehouse
- Minimum Order Quantity: Discussible
- Price: Reasonable
- Packaging Details: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing will according to their requirements.
- Delivery Time: 15-21 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 10000 Square Meter/Square Meters per Month

#### Product Specification

- Tolerance:  $\pm 1\%$
- Surface Treatment: Hot Dip Galvanised Or Painted
- Roof & Wall Panel: Color Steel Veneer, Rockwool Sandwich Panel, PU Sandwich Panel Etc
- Grade: Q235, Q355
- Purlin: C.Z Shape Steel
- Durability: High
- Type: Light Steel Structure
- Processing Service: Bending, Welding, Decoiling, Cutting, Punching
- Door: Security Door
- Usage: Industrial Building Metal Steel
- Highlight: **Galvanized Storage Light Steel Building,**  
Galvanized prefabricated warehouse building

## Product Description

### Building Galvanized Storage Light Steel Structure Office Prefabricated Light Steel Frame Structure

#### Product Description:

The frame Steel Structure provides the perfect balance of strength and stability, ensuring that your warehouse is built to last. The workshop Industrial Steel construction is perfect for businesses that require a large storage space, such as manufacturing plants, logistics centers, and more.

The Prefab Warehouse is designed for easy installation, making it a great choice for businesses looking to save time and money on construction costs. With a tolerance of  $\pm 1\%$ , you can be sure that your warehouse will be built to your exact specifications, ensuring maximum efficiency and productivity.

The high weather resistance of the Prefab Steel Warehouse makes it an ideal choice for businesses that operate in areas with extreme weather conditions. Whether you are dealing with heavy rain, snow, or strong winds, your warehouse will remain safe and secure, protecting your assets from damage and theft.

In addition to its durability and weather resistance, the Prefab Steel Warehouse also requires very little maintenance. With low maintenance needs, you can focus on running your business instead of worrying about costly repairs and upkeep.

Overall, the Prefab Steel Warehouse is an excellent investment for any business that requires a large storage space that is durable, reliable, and easy to install. It provides the perfect balance of strength, stability, and weather resistance, making it a great choice for businesses that operate in harsh environments. With its low maintenance requirements, you can be sure that your warehouse will provide long-lasting protection for your assets, allowing you to focus on growing your business.

#### Features:

##### Warehouse

##### Steel structure warehouse feature:

- 1.Light weight, high strength, large span;
- 2.Quality certification ISO:9001:2008
- 3.Used widely, used as factory, warehouse, office building, aircraft hangar etc;
- 4.Easy move, recycle, environmentally;
- 5.Short construction period, lower cost;
- 6.Structural durabilities, easy maintenance.

##### Workshop

##### Characteristics of steel structure workshop:

- 1.Light weight, high strength, large span;
- 2.Quality certification ISO:9001:2008
- 3.Short construction period, lower cost;
- 4.Easy move, recycle, environmentally;
- 5.Used widely, used as factory, warehouse, office building, aircraft hangar etc;
- 6.Structural durables, easy maintenance.

#### Technical Parameters:

Name	Steel Structure Building	
Main Material	Q235 - Q420 Welded H Beam And Hot Rolled Section Steel	
Surface	Painting Or Galvanizing	
Roof And Wall Panel	EPS Sandwich Board, Single Corrugated Steel Plate, Glass Cotton Colored Board for Customers'Choice	
Window	PVC Or Aluminum Alloy	
Door	Sliding Door Or Rolling Shutter Door	
Service	Design	We have experienced designers to design.
	Manufacture	We can manufacture all kinds of steel structure products according to customers'needs.
	Installation	We provide detailed drawings to ensure installation. It also provides installation, supervision and training services. We can also send a team of engineers to guide or install on site.
Packing	1. Steel structure components will be in nude packaging with proper protection. .Sandwich panels will be covered with plastic film. 3. Bolts and other accessories will be loaded into wooden boxes. 4. Container Drying Treatment. 5. According to customer's requirement	
Quality Inspection	Factory Self-inspectionCustomer Inspection Third Party Inspection	

If you have drawings, welcome to share drawings with us, quotation will be done based your drawings. Our excellent design team will design the steel structure workshop warehouse for you. If you give the following information, we will give you a satisfactory drawing.

1. Location (where will be built? ) which country? which city?
2. Size: Length\*width\* Eave height \_\_\_\_mm\*\_\_\_\_mm\*\_\_\_\_mm.
3. Wind load (max. Wind speed) \_\_\_\_kn/m2,\_\_\_\_km/h, \_\_\_\_m/s.
4. Snow load (max. Snow height) \_\_\_\_psf,\_\_\_\_m, temperature range?
- 5.Anti-earthquake \_\_\_\_level.
6. Brick wall needed or not If yes, 1.2m high or 1.5m high? or other?
7. Thermal insulation If yes, EPS, fiberglass wool, rock wool, PU sandwich panels will be suggested; If not, the metal steel sheets is ok.The cost of the latter will be much lower than that of the former.
8. Door quantity & size \_\_\_\_units,\_\_\_\_(width)mm\*\_\_\_\_(height)mm.
9. Window quantity & size \_\_\_\_units,\_\_\_\_(width)mm\*\_\_\_\_(height)mm.
10. Crane needed or not If yes, \_\_\_\_units, max. Lifting weight\_\_\_\_tons,max.Lifting height \_\_\_\_m.

### Applications:

**Steel structure warehouse**

**Steel structure factory building**

**Steel structure building**

**Steel structure garage/hangar**

**Steel structure house**

**Steel structure livestock house**

BAODU Steel Warehouse is a perfect solution for a wide range of building needs, including storage facilities, light steel buildings, and prefab warehouse constructions. The product is made in Hebei, China and is ISO9001 and CE certified, ensuring its quality and reliability. BAODU Steel Warehouse is suitable for various occasions and scenarios. It is a great option for those who need a building for storage purposes. The warehouse can be used to store a variety of items, including vehicles, equipment, and raw materials. It is also ideal for light steel building projects, such as workshops and hangars. The warehouse is designed to be flexible and can be customized to meet the specific needs of the customer.

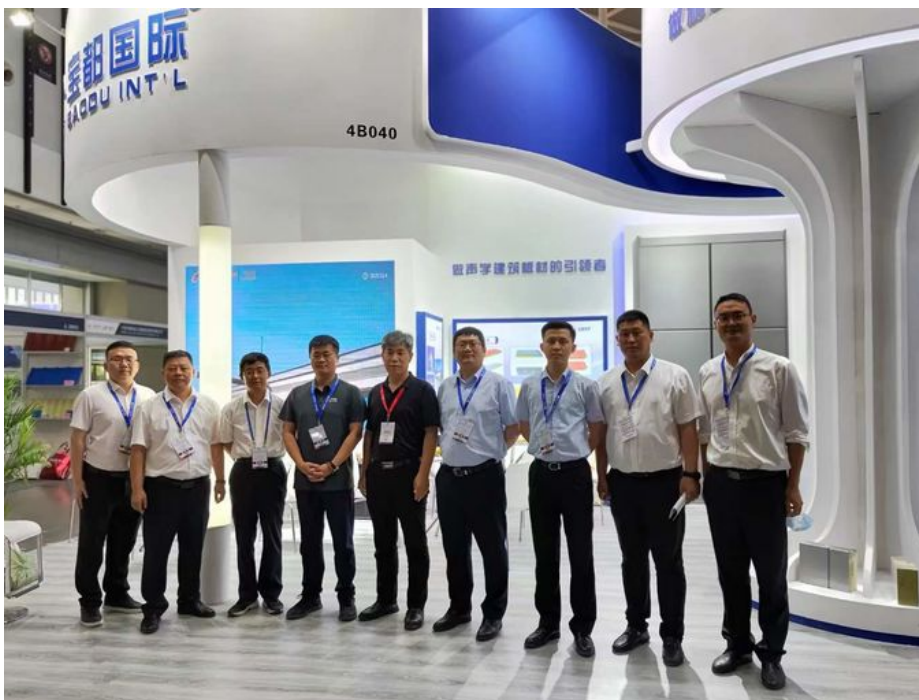

BAODU Steel Warehouse is a reliable and cost-effective solution for prefab warehouse construction. It is made with high-quality materials and is designed to withstand harsh weather conditions. The product is hot-dip galvanized or painted, which makes it resistant to rust and corrosion. This feature makes it an excellent choice for storage facilities that are exposed to moisture and humidity.

BAODU Steel Warehouse is easy to install and is available in different sizes and designs. The product is delivered within 15-21 days of placing an order, and the packaging is designed to ensure that the goods are not broken during transit. The company offers a flexible minimum order quantity and a reasonable price, making it a great option for those who need a cost-effective solution for their building needs.

The product is designed to provide fire resistance and is suitable for a wide range of processing services, including bending, welding, decoiling, cutting, and punching. The company offers drawing design services using SAP2000, AutoCAD, PKPM, 3D3S, and TEKLA software. The steel warehouse workshop hangar hall steel structure is a great option for those who need a reliable and flexible building solution that can be customized to meet their specific needs.

If you are looking for a reliable and cost-effective solution for your building needs, BAODU Steel Warehouse is the perfect choice. With its high-quality materials, flexible design, and fast delivery time, it is a great option for a wide range of building projects.

## Support and Services:

Our Prefab Steel Warehouse product comes with technical support and services to ensure that your project runs smoothly and efficiently. Our team of experts is available to provide guidance and assistance throughout the entire process, from planning and design to construction and installation.

We offer a range of technical support and services, including:

[Design and engineering support](#)

[Permitting assistance](#)

[Logistics coordination](#)

[Construction and installation support](#)

[Maintenance and repair services](#)

Our goal is to provide our customers with a high-quality product and exceptional service. If you have any questions or concerns about our Prefab Steel Warehouse product, please do not hesitate to contact us.

### Packing and Shipping:

#### Product Packaging:

The Prefab Steel Warehouse will be packaged in a sturdy steel sheet box to ensure safe transport and delivery. All steel components will be securely fastened and wrapped in protective material to prevent any damage during transit.

#### Shipping:

Shipping of the Prefab Steel Warehouse will be arranged by our team and will be delivered via truck or container, depending on the size and quantity of the order. Delivery times will vary based on the destination, but we will provide tracking information to ensure you are kept up-to-date on the status of your order.

### FAQ:

**Q:** What is the brand name of this product?

**A:** The brand name of this product is BAODU.

**Q:** What is the model number of this product?

**A:** The model number of this product is Steel Warehouse.

**Q:** Where is this product made?

**A:** This product is made in Hebei, China.

**Q:** What certifications does this product have?

**A:** This product is certified with ISO9001 and CE.

**Q:** What are the payment terms for purchasing this product?

**A:** The payment terms for purchasing this product are L/C, D/A, D/P, T/T, Western Union, and MoneyGram.

**Q:** What is the delivery time for this product?

**A:** The delivery time for this product is 21 days.

**Q:** What is the packaging method for this product?

**A:** In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing will according to their requirements.

**Q:** What is the minimum order quantity for this product?

**A:** The minimum order quantity for this product is discussible.

**Q:** What is the supply ability for this product?

**A:** The supply ability for this product is 10000 Square Meter/Square Meters per Month.

**Q:** What is the price of this product?

**A:** The price of this product is reasonable.
