Product Specification

- Product Name: Metal Frame Structures Building Prefab Workshop Prefabricated Steel Structure Warehouse
- Door: Sliding Door, Rolling Door, Shutter Single Door, Color Steel
- Durability: High
- Grade: Q235, Q355
- Installation: Easy
- Processing Service: Bending, Welding, Decoiling, Cutting, Punching
- Purlin: C/Z Galvanized Steel (Q235)
- Material: Steel
- Highlight: **Q235 Prefab Steel Warehouse,**
Q355 Prefab Steel Warehouse,

Product Description

Metal Frame Structures Building Prefab Workshop Prefabricated Steel Structure Warehouse

Product Description:

The roof and wall panels are made up of color steel veneer, rockwool sandwich panel, PU sandwich panel, and other high-quality materials that provide excellent insulation and fire resistance. This feature ensures that your warehouse is safe from fire hazards, and your inventory is protected at all times.

The BAODU Prefab Steel Warehouse is perfect for various industrial purposes such as a steel warehouse workshop, hangar hall steel structure, and many more. Its high durability attribute makes it long-lasting and cost-effective, making it an ideal choice for businesses and individuals who need to store and protect their inventory for extended periods.

The steel structure used in this warehouse is designed to be robust and sturdy, making it the go-to solution for businesses that require a reliable and long-lasting storage facility. BAODU is a trusted brand in the construction industry, known for its high-quality products that meet industry standards.

In conclusion, the BAODU Prefab Steel Warehouse is the perfect storage solution for businesses and individuals who require a durable, weather-resistant, fire-resistant, and cost-effective warehouse. Its gable frame steel structure, combined with the use of high-quality materials, makes it an ideal choice for a steel warehouse workshop, hangar hall steel structure, and many more industrial purposes.

Features:

Warehouse

Steel structure warehouse feature:

1. Light weight, high strength, large span;
2. Quality certification ISO:9001:2008
3. Used widely, used as factory, warehouse, office building, aircraft hangar etc;
4. Easy move, recycle, environmentally;
5. Short construction period, lower cost;
6. Structural durabilities, easy maintenance.

Workshop

Characteristics of steel structure workshop:

1. Light weight, high strength, large span;
2. Quality certification ISO:9001:2008
3. Short construction period, lower cost;
4. Easy move, recycle, environmentally;
5. Used widely, used as factory, warehouse, office building, aircraft hangar etc;
6. Structural durables, easy maintenance.

Technical Parameters:

If you are interested in our steel structure , please give us the following information:

- 1 Location (where will be built?) ____country, area
- 2 Size: Length*width*height ____mm*____mm*____mm
- 3 wind load (max. Wind speed) ____kn/m2, ____km/h, ____m/s
- 4 snow load (max. Snow height) ____kn/m2, ____mm
- 5 anti-earthquake ____level
- 6 brickwall needed or not If yes, 1.2m high or 1.5m high
- 7 thermal insulation If yes, EPS, fiberglass wool, rockwool, PU sandwich panels will be suggested; If not, the metal steel sheets will be ok. The cost of the latter will be much lower than that of the former.
- 8 door quantity & size ____units, ____ (width)mm*____ (height)mm
- 9 window quantity & size ____units, ____ (width)mm*____ (height)mm
- 10 crane needed or not If yes, ____units, max. Lifting weight ____tons; Max. Lifting height ____m.

Applications:

Steel structure warehouse

Steel structure factory building

Steel structure building

Steel structure garage/hangar

Steel structure house

Steel structure livestock house

BAODU Steel Warehouse is a versatile and cost-effective solution for a variety of industrial and commercial applications. Our Steel Warehouse is made of high-quality steel material and designed to be weather-resistant, ensuring that your investment will last for years to come.
