

Eco-Friendly Modern Prefab Metal Warehouse Seismic-Resistant

Our Product Introduction

for more products please visit us on baodupanel.com

Basic Information

- Place of Origin: Hebei, China
- Brand Name: BAODU
- Certification: ISO9001, CE
- Model Number: Steel Warehouse
- Minimum Order Quantity: Discussible
- Price: Reasonable
- Packaging Details: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing will according to their requirements.
- Delivery Time: 21 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 10000 Square Meter/Square Meters per Month

Product Specification

- Product Name: Steel Structure Hall Building Steel Car Showroom/4S Car Shop/Exhibition Hall Large Span Metal Warehouse Steel Frame Workshop
- Window: Aluminum Alloy Window, Plastic Steel
- Drawing Design: SAP2000/AutoCAD /PKPM /3D3S/TEKLA
- Fire Resistance: High
- Durability: High
- Keyword: Steel Structure Building Warehouse
- Tolerance: $\pm 1\%$
- Roof And Wall: Corrugated/EPS/PU/Rock Wool/glass Wool
- Door: Sliding Door, Rolling Door, Shutter Single Door, Color Steel
- Processing Service: Bending, Welding, Decoiling, Cutting,

Product Description

Steel Structure Hall Building Steel Car Showroom/4S Car Shop/Exhibition Hall Large Span Metal warehouse steel frame workshop

Product Description:

Maintenance is low with this steel warehouse workshop hangar hall steel structure, making it a cost-effective choice for businesses of all sizes. The structure is easy to clean and maintain, allowing you to focus on your business operations instead of worrying about maintenance.

Our processing service for this steel warehouse workshop hangar hall steel structure includes bending, welding, decoiling, cutting, and punching. This ensures that the steel structure is manufactured to your exact specifications and requirements.

The roof and wall panels of this steel warehouse workshop hangar hall steel structure are made of high-quality materials such as color steel veneer, rockwool sandwich panel, PU sandwich panel, and more. These panels provide excellent insulation and protection for your goods, ensuring they remain safe and secure.

BAODU is a trusted brand in the industrial steel market. We have years of experience in designing and manufacturing steel structures that meet the highest standards of quality and durability. With our Prefab Steel Warehouse, you can be sure that you are getting a product that is built to last.

Whether you need a steel warehouse workshop hangar hall steel structure for storage or manufacturing purposes, our Prefab Steel Warehouse is the perfect solution. It is ideal for industrial, commercial, and agricultural applications, and is designed to meet your specific needs and requirements.

Invest in our Workshop Industrial Steel today and get the peace of mind that comes with knowing your goods are stored in a safe and secure location. Contact us today to learn more about our products and services.

Features:

main steel frame	H section steel beam and columns, galvanized C section ,Q345, Q235, Q345B, Q235B etc.	Secondary frame	hot dip galvanized C purlin , steel bracing , tie bar , knee brace , edge cover etc.
Roof panel	EPS sandwich panel,glass fiber sandwich panel,rock wool sandwich panel,and PU sandwich panel or steel sheet	Wall panel	EPS, Mineral wool, PU sandwich, corrugated steel sheet
Tie Rod	Circular Steel Tube	Brace	Round Bar
Knee Brace	Angle Steel	Roof Gutter	Color Steel Sheet
Door:	Rolled up door or Sliding door	Window:	Plastic steel or Aluminum alloy window
Surface:	Hot dip galvanized or painted	Crane:	5MT, 10MT, 15MT and more

Technical Parameters:

If you are interested in our steel structure , please give us the following information:

- 1 Location (where will be built?) _____country, area
- 2 Size: Length*width*height _____mm*_____mm*_____mm
- 3 wind load (max. Wind speed) _____kn/m2, _____km/h, _____m/s
- 4 snow load (max. Snow height)_____kn/m2, _____mm
- 5 anti-earthquake _____level
- 6 brickwall needed or not If yes, 1.2m high or 1.5m high
- 7 thermal insulation If yes, EPS, fiberglass wool, rockwool, PU sandwich panels will be suggested; If not, the metal steel sheets will be ok. The cost of the latter will be much lower than that of the former.
- 8 door quantity & size _____units, _____(width)mm*_____(height)mm
- 9 window quantity & size _____units, _____(width)mm*_____(height)mm
- 10 crane needed or not If yes, _____units, max. Lifting weight_____tons; Max. Lifting height ____m.

Advantages of Steel Structure Buildings:

- 1: The components of steel structures have small cross-sections, light weight, and are easy to transport and install. They are suitable for structures with large spans, high heights, and heavy loads.
- 2: Suitable for withstanding impact and dynamic loads, with good seismic performance, uniform internal structure of steel, and high reliability.
- 3: Mechanized production of steel structural components with high precision, high production efficiency, fast on-site assembly speed, and short construction period in factories.
- 4: Steel structures have high fire resistance and corrosion resistance. 5: Steel structure buildings are easy to move and pollution-free.

Support and Services:

Our Prefab Steel Warehouse product comes with comprehensive technical support and services to ensure your satisfaction and success. Our team of experts is available to assist you with any questions or concerns you may have regarding the product, from initial installation to ongoing maintenance.

Our technical support services include:

[Consultation and guidance on product selection and customization options](#)

[Assistance with project planning and design](#)

[On-site installation supervision and training](#)

[Ongoing technical support and troubleshooting](#)

In addition to our technical support services, we also offer a range of other services to enhance the value and performance of our Prefab Steel Warehouse product, including:

[Engineering and design services](#)

[Project management and coordination](#)

[Logistics and shipping services](#)

[Maintenance and repair services](#)

With our technical support and services, you can trust that our Prefab Steel Warehouse product will meet your needs and exceed your expectations.

Packing and Shipping:

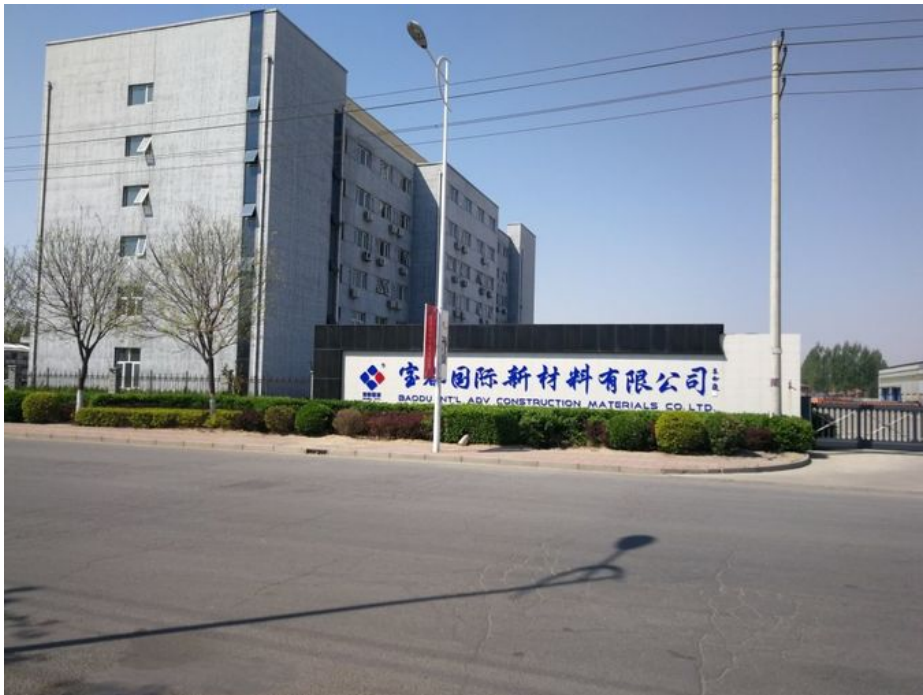

Product Packaging:

The prefab steel warehouse product will be carefully packaged in flat packs or bundles for easy transportation and handling. All components will be securely wrapped and strapped to prevent damage during transit.

Shipping:

We offer worldwide shipping for our prefab steel warehouse product. The shipping cost will depend on the destination and the quantity of the product ordered. Shipping times will vary depending on the destination and the shipping method chosen by the customer.

Company Profile:

Baodu International Advanced Construction Material Co., Ltd was established in January 2010 with the office in Beijing and factory in Hebei, China. Baodu is a designer, manufacturer, supplier and exporter of industrial noise comprehensive treatment, steel structure, sandwich panel and prefab house. Baodu has an annual output of 6 million square meters of acoustic sandwich panels, 100000 tons of steel structures and 1 million square meters of floor decking sheet. The products are sold in more than 30 countries and regions around the world. Baodu has a professional design team with more than 10 years' experience, including 5 senior engineers, 20 engineers, and 35 technicians. Baodu has several energy saving and environment protection intellectual property rights, construction and environment protection design qualification, CE certification and Russian GOST certification etc. Baodu participated in the military parade village project for the 60th anniversary of China and project of Beijing Daxing International Airport. Under the guidance of China's "one belt, one road" strategy, Baodu has also undertaken overseas projects such as the project of Thar, Pakistan coal fired power plant, Hasyan Dubai power plant and so on. Finally, welcome your coming to Baodu for a visit and cooperation!

FAQ:

Q1: What is the brand name of this product?

A1: The brand name of this product is BAODU.

Q2: What is the model number of this product?

A2: The model number of this product is Steel Warehouse.

Q3: Where is it manufactured?

A3: This product is manufactured in Hebei, China.

Q4: What certifications does this product have?

A4: This product is certified with ISO9001 and CE.

Q5: What are the payment terms and delivery time for this product?

A5: The payment terms for this product are L/C, D/A, D/P, T/T, Western Union, and MoneyGram. The delivery time is 21 days. The

minimum order quantity is discussible. The packaging details are as follows: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing will according to their requirements. The supply ability is 10000 Square Meter/Square Meters per month.
