

Durable Structural Prefab Steel Warehouse High Effective

Our Product Introduction

for more products please visit us on baodupanel.com

Basic Information

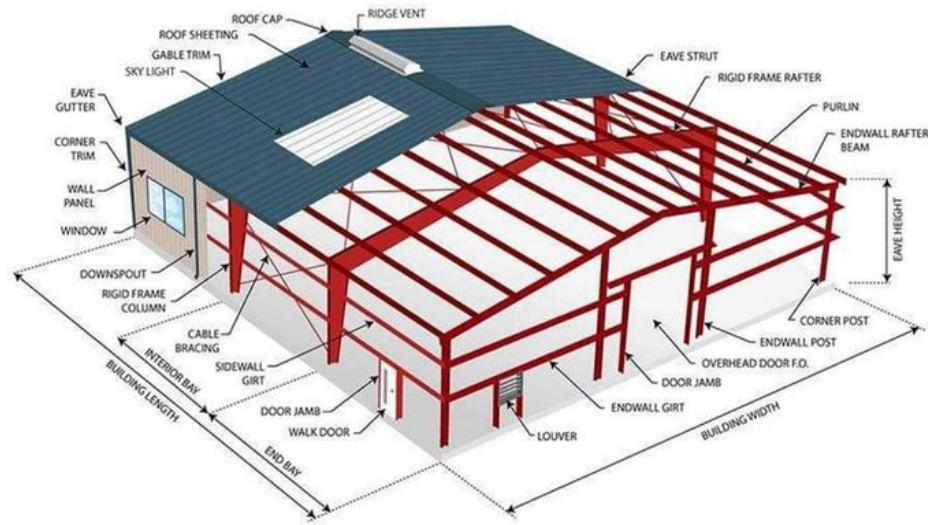

- Place of Origin: Hebei, China
- Brand Name: BAODU
- Certification: ISO9001, CE
- Model Number: Steel Warehouse
- Minimum Order Quantity: Discussible
- Price: Reasonable
- Packaging Details: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing will according to their requirements.
- Delivery Time: 21 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 10000 Square Meter/Square Meters per Month

Product Specification

- Product Name: Structural Steel Prefabricated Construction Workshop Building Hangar Steel Structure Warehouse
- Roof & Wall Panel: Color Steel Veneer, Rockwool Sandwich Panel, PU Sandwich Panel Etc
- Material: Steel
- Durability: High
- Maintenance: Low
- Type: Light Steel Structure
- Purlin: C/Z Galvanized Steel(Q235)
- Fire Resistance: High
- Highlight: **Durable Prefab Steel Warehouse, Structural Prefab Steel Warehouse, High Effective Prefab Steel Warehouse**

Structural Steel Prefabricated Construction Workshop Building Hangar Steel Structure Warehouse

Product Description:

Our warehouse features C/Z Galvanized Steel Purlin construction for added stability and support. Plus, with our advanced drawing design software like SAP2000, AutoCAD, PKPM, 3D3S, and TEKLA, you can be sure that your building will be precisely engineered to your exact specifications.

With a tolerance of $\pm 1\%$, you can trust that your building will be built to the highest standards of accuracy and precision. And with a delivery time of just 15-21 days, you can have your new building up and running in no time!

Our Prefab Steel Warehouse is ideal for a variety of applications, including building Galvanized Storage Light Steel Buildings, Prefab Warehouse Construction, Steel warehouse workshop, hangar hall steel structure, and much more. With its versatile design and durable construction, this building is the perfect solution for all your storage and workspace needs.

Features:

Specifications:	
main steel frame	H section steel beam and columns, painted or galvanized, galvanized C section or steel pipe
Secondary frame	hot dip galvanized C purline, steel bracing , tie bar , knee brace , edge cover etc.
Roof panel	EPS sandwich panel,glass fiber sandwich panel,rock wool sandwich panel,and PU sandwich panel or steel sheet
Wall panel	Sandwich Panel or Corrugated Steel Sheet
Tie Rod	Circular Steel Tube
Brace	Round Bar
Knee Brace	Angle Steel
Roof Gutter	Color Steel Sheet
Drawings & Quotation:	
(1) Customized design is welcomed.	

(2) In order to give you an exactly quotation and drawings, please let us know the length, width, eave height and local weather.
We will quote for you promptly.

Advantages:

1. Quality: imported equipment from Germany and Switzerland, professional workers who have been engaged in more than ten years, have their own research and development department, and fully meet the use standards of various countries.
2. Customized service: We arrange special person to connect according to customer needs, one-to-one service.
3. Technical support:
Activity room: We provide online guidance and installation services by dedicated personnel, as well as after-sales team service 24/7.
Workshop: We have nearly 50 professional engineers who can go abroad to provide technical support and guidance until all problems are solved for our customers.
4. International trade operation: We have been focusing on international trade in the construction industry for more than ten years, and have accumulated various experiences from different customers in different countries. So we can keep our operations up to date with our customers and new rules. Helps in customs clearance and saves cost and time for our customers.

Applications:

Gas Turbine Combined Cycle Power Station Expansion Project in Basra Iraq

Clean Coal Fired Power Plant Phase I (4x600mw net) Project in Hasyan Dubai

2 * 1000MW Supercritical Power Plant Phase III Expansion Project in China

BAODU Steel Warehouse is a gable frame steel structure that is perfect for various occasions and scenarios. It is made of high-quality steel and is produced in Hebei, China. The product is ISO9001 and CE certified, ensuring that it meets high standards of quality and safety. The minimum order quantity for this product is negotiable, and the price is reasonable, making it accessible to a wide range of customers.

This steel structure is perfect for workshop industrial steel and prefab warehouse construction. It is designed to be easy to install, making it ideal for quick construction projects. The product comes with C/Z galvanized steel purlins made from Q235 steel, ensuring that it is durable and long-lasting. Additionally, the security of the product is high, making it an excellent choice for storing valuable items.

BAODU Steel Warehouse is versatile and can be used for a variety of applications, including as a storage facility for goods and equipment, a garage for vehicles, or even as a workshop for industrial purposes. Its light steel structure makes it easy to transport and move, making it an excellent option for temporary structures.

Delivery time for this product is 15-21 days, and payment terms include L/C, D/A, D/P, T/T, Western Union, and MoneyGram. The supply ability for this product is 10000 square meters per month, making it an ideal choice for large-scale construction projects.

For packaging, BAODU uses steel frame packing for the steel structure to keep goods from breaking during transport. For sandwich panels and color steel sheets, they use plastic packing. If clients require special packaging, BAODU can accommodate their needs.

Customization:

Support and Services:

The Prefab Steel Warehouse product comes with comprehensive technical support and services to ensure smooth installation and optimal performance. Our team of experienced engineers and technicians are available to provide assistance in the following areas:

- Site assessment and evaluation
- Customized design and engineering
- Fabrication and manufacturing
- Logistics and transportation
- On-site installation and construction
- Quality control and assurance
- Maintenance and repair

We are committed to providing timely and efficient support throughout the entire process, from initial consultation to post-installation maintenance. Contact us to learn more about our technical support and services.

Packing and Shipping:

Product Packaging:

Our Prefab Steel Warehouse product is carefully packaged to ensure safe delivery to your location. The steel components are wrapped in protective material and securely fastened to box. The pallet is then wrapped in plastic to protect it from moisture and other environmental factors during transit.

Shipping:

We offer shipping options to locations worldwide. Shipping costs will vary depending on the destination and the size of the order. Our team will work with you to determine the best shipping method and provide a quote for the total cost of shipping. Please allow 2-4 weeks for delivery after your order has been processed.

FAQ:

Q1: What is the brand name of your steel warehouse product?

A1: Our brand name is BAODU.

Q2: What certifications do your steel warehouses have?

A2: Our steel warehouses have ISO9001 and CE certifications.

Q3: What is the minimum order quantity for your steel warehouse product?

A3: The minimum order quantity is discussible.
