

Steel Warehouse Workshop Portable Warehouse Steel Structure Building With High Quality

Our Product Introduction

for more products please visit us on baodupanel.com

Basic Information

- Place of Origin: Hebei, China
- Brand Name: BAODU
- Certification: ISO9001, CE
- Model Number: Steel Warehouse
- Minimum Order Quantity: Discussible
- Price: Reasonable
- Packaging Details: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing will according to their requirements.
- Delivery Time: 21 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 10000 Square Meter/Square Meters per Month

Product Specification

- Product Name: Steel Warehouse Workshop Portable Warehouse Steel Structure Building With High Quality
- Keyword: Steel Warehouse Workshop
- Weather Resistance: High
- Size: Customized Size
- Processing Service: Bending, Welding, Decoiling, Cutting, Punching
- Purlin: C/Z Galvanized Steel(Q235)
- Feature: Long Fatigue Life
- Tolerance: $\pm 1\%$
- Wall Cladding: EPS/Rockwool/Fiberglass Wool/PU Sandwich Panel Or Steel Sheet
- Application: Warehouse, Workshop

Product Description

Steel Warehouse Workshop Portable Warehouse Steel Structure Building With High Quality

Product Description:

The Prefab Steel Warehouse is a versatile and durable structure designed for various industrial applications. With a focus on quality materials and efficient construction, this warehouse is a reliable solution for steel storage, factory, or logistic warehouse needs.

Constructed with a gable frame steel structure, this warehouse offers superior strength and stability. The gable frame design is known for its robustness and ability to withstand harsh environmental conditions, making it ideal for industrial use.

One of the key features of this Prefab Warehouse is its choice of wall cladding options. Customers can select from a range of materials including EPS, Rockwool, Fiberglass Wool, PU Sandwich Panel, or Steel Sheet. Each cladding material offers unique benefits in terms of insulation, durability, and aesthetics, allowing for customization based on specific requirements.

When it comes to precision and quality control, this warehouse boasts a tolerance level of $\pm 1\%$. This high level of accuracy ensures that all components fit together seamlessly during construction, resulting in a solid and well-structured warehouse that meets industry standards.

Whether you are looking to expand your storage capacity, establish a new manufacturing facility, or optimize your logistics operations, the Steel Structure Building Warehouse is a cost-effective and efficient solution. Its prefabricated construction method allows for quick assembly on-site, reducing overall construction time and minimizing disruptions to your business operations.

In conclusion, the Prefab Steel Warehouse is a reliable and versatile option for businesses in need of a durable and functional industrial space. With its gable frame steel structure, customizable wall cladding options, high tolerance levels, and quick construction process, this warehouse offers a practical and cost-effective solution for various applications.

Features:

Warehouse

Steel structure warehouse feature:

1. Light weight, high strength, large span;
2. Quality certification ISO:9001:2008
3. Used widely, used as factory, warehouse, office building, aircraft hangar etc;
4. Easy move, recycle, environmentally;
5. Short construction period, lower cost;
6. Structural durabilities, easy maintenance.

Workshop

Characteristics of steel structure workshop:

1. Light weight, high strength, large span;
2. Quality certification ISO:9001:2008
3. Short construction period, lower cost;
4. Easy move, recycle, environmentally;
5. Used widely, used as factory, warehouse, office building, aircraft hangar etc;
6. Structural durables, easy maintenance.

Technical Parameters:

If you are interested in our steel structure , please give us the following information:

- 1 Location (where will be built?) _____country, area
- 2 Size: Length*width*height _____mm*_____mm*_____mm
- 3 wind load (max. Wind speed) _____kn/m2, _____km/h, _____m/s
- 4 snow load (max. Snow height) _____kn/m2, _____mm
- 5 anti-earthquake _____level
- 6 brickwall needed or not If yes, 1.2m high or 1.5m high
- 7 thermal insulation If yes, EPS, fiberglass wool, rockwool, PU sandwich panels will be suggested; If not, the metal steel sheets will be ok. The cost of the latter will be much lower than that of the former.
- 8 door quantity & size _____units, _____(width)mm*_____ (height)mm
- 9 window quantity & size _____units, _____(width)mm*_____ (height)mm
- 10 crane needed or not If yes, _____units, max. Lifting weight _____tons; Max. Lifting height _____m.

Applications:

**MULTI-STOREY BUILDING
IN PHILIPPINES**

**HEAVY WORKSHOP
IN AUSTRALIA**

**STEEL WAREHOUSE
IN GERMANY**

**STEEL BUILDING
IN ZIMBABWE**

**FACTORY WAREHOUSE
IN MALAWI**

**SHOPPING MALL
IN PHILIPPINES**

**PREFABRICATED SHED
IN CANADA**

**PREFAB WAREHOUSE
IN CANADA**

**METAL WORKSHOP
IN INDONESIA**

When considering the Product Application Occasions and Scenarios for the BAODU Steel Warehouse, it is important to highlight the versatility and durability of this product. The Prefab Warehouse Construction is suitable for a wide range of uses due to its gable frame Steel Structure design and high weather resistance.

The BAODU Steel Warehouse, originating from Hebei, China, is ideal for Workshop Industrial Steel applications where a reliable and sturdy structure is needed. With Certification in ISO9001 and CE, customers can trust in the quality and safety of this product.

The Minimum Order Quantity for the Steel Warehouse is discussible, making it accessible to a variety of project sizes. The reasonable Price, combined with the Packaging Details that ensure goods remain intact during transportation, makes it a cost-effective choice for buyers.

With a Delivery Time of 21 days and flexible Payment Terms including L/C, D/A, D/P, T/T, Western Union, and MoneyGram, customers can expect a smooth transaction process when purchasing the BAODU Steel Warehouse.

The Supply Ability of 10000 Square Meter/Square Meters per Month guarantees that customers can obtain the product promptly. Additionally, the Size can be Customized to fit specific project requirements, with a Tolerance of $\pm 1\%$ to ensure precision in construction.

The Roof cladding options of EPS, Rockwool, Fiberglass Wool, PU Sandwich Panel, or Steel Sheet provide further customization for different environmental conditions. Moreover, the Processing Service offered includes Bending, Welding, Decoiling, Cutting, and Punching to meet various construction needs.

Support and Services:

Our Product Technical Support team for the Prefab Steel Warehouse is dedicated to assisting you with any technical queries or issues you may encounter. We provide comprehensive support to ensure the successful installation and operation of your prefab steel warehouse.

In addition to technical support, we also offer a range of services to enhance your experience with our product. These services may include on-site installation assistance, training for your staff on the operation and maintenance of the warehouse, and ongoing maintenance and support contracts to keep your warehouse running smoothly.

Packing and Shipping:

Product: Prefab Steel Warehouse

Description: Our Prefab Steel Warehouse is designed for easy assembly and durability. It is a cost-effective solution for your storage needs.

Packaging: The Prefab Steel Warehouse will be securely packed in strong wooden crates to ensure safe transportation.

Shipping: We offer worldwide shipping for our Prefab Steel Warehouse product. Shipping costs may vary depending on the destination and quantity ordered.

FAQ:

Q: What is the brand name of the steel warehouse?

A: The brand name is BAODU.

Q: Where is the steel warehouse produced?

A: The steel warehouse is produced in Hebei, China.

Q: What certifications does the steel warehouse have?

A: The steel warehouse is ISO9001 and CE certified.

Q: What is the minimum order quantity for the steel warehouse?

A: The minimum order quantity is discussible. Please contact us for more information.

Q: What are the payment terms accepted for purchasing the steel warehouse?

A: Payment terms accepted include L/C, D/A, D/P, T/T, Western Union, and MoneyGram.
