

## Customized Prefabricated Plants Sheds Steel Structure Warehouse Prefab Workshop Metal Building

### Our Product Introduction

for more products please visit us on [baodupanel.com](http://baodupanel.com)

#### Basic Information

- Place of Origin: Hebei, China
- Brand Name: BAODU
- Certification: ISO9001, CE
- Model Number: Steel Warehouse
- Minimum Order Quantity: Discussible
- Price: Reasonable
- Packaging Details: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing will according to their requirements.
- Delivery Time: 21 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 10000 Square Meter/Square Meters per Month

#### Product Specification

- Product Name: Customized Prefabricated Plants Sheds Steel Structure Warehouse Prefab Workshop Metal Building
- Type: Light Steel Structure
- Processing Service: Bending, Welding, Decoiling, Cutting, Punching
- Window: Aluminum Alloy Window, Plastic Steel
- Weather Resistance: High
- Feature: Long Fatigue Life
- Structure: Steel Structure Frame Welded
- Grade: Q235, Q355
- Color: Customized Color
- Purlin: C/Z Galvanized Steel(Q235B)
- Highlight: Industrial Design Style Light Steel Building

Customized Prefabricated Plants Sheds Steel Structure Warehouse Prefab Workshop Metal Building

Product Description:

With a Tolerance of  $\pm 1\%$ , you can trust that the Prefab Steel Warehouse will be precise and reliable in its dimensions. The use of galvanized steel not only enhances the structural integrity of the building but also provides excellent resistance to corrosion, making it a low-maintenance option for long-term use.

The Brand Name associated with this product is BAODU, known for its commitment to quality and innovation in the construction industry. When you choose a BAODU Prefab Steel Warehouse, you can be confident that you are investing in a superior product that is built to last.

One of the key advantages of this Building Galvanized Storage Light Steel Building is its Durability. The high-quality materials and precision engineering ensure that the warehouse can withstand the test of time, even in harsh environmental conditions. Whether you need a storage facility for industrial goods, agricultural products, or any other purpose, the Prefab Steel Warehouse is up to the task. Additionally, the customizable Size of the warehouse allows you to maximize the available space on your property efficiently. Whether you need a small storage unit or a large warehouse facility, the flexibility in sizing ensures that your needs are met without compromise.

In conclusion, the Prefab Steel Warehouse by BAODU is a top-of-the-line solution for anyone in need of a reliable and robust storage facility. With its gable frame Steel Structure, high Durability, and customizable Size, this Building Galvanized Storage Light Steel Building offers unparalleled quality and versatility for your storage needs. Invest in a BAODU Prefab Steel Warehouse today and experience the difference in quality and performance for yourself.

Features:

Product name	Steel structure industrial building	
Main materials	Main structure	Q355B Welded H beam and column (equivalent to S355JR, ASTM A572 Gr. 50)
	Secondary structure	Q235B (equivalent to S235JR, ASTM A36)
Surface	Painting Or Galvanizing	
Roof & wall panel	Single steel sheet & Insulation sandwich panels (PU, rock wool and EPS)	

Doors	Sliding door or roller shutter door	
Windows	PVC or aluminum alloy	
Our service	Design	Professional structural design
	Manufacture	We can manufacture all kinds of steel structure products based on different conditions of projects
	Installation	We provide detailed drawings to ensure installation. We also provide remote guidance for installation.  We can also send a team of engineers to guide or install on site.
Quality inspection	Factory Self-inspection Customer inspection Third party inspection	
Other components are available upon request, please provide the detailed for custom design		

### Technical Parameters:

(1) We have a team of over 20 engineers; quick response and quick quote; (2) Elaborate and strong design, high wind resistance performance; (3) Fast and easy assemble, online installation guidance provided; (4) Our engineers hold a Class I architect certificate;

### Applications:

**MULTI-STOREY BUILDING  
IN PHILIPPINES**

**HEAVY WORKSHOP  
IN AUSTRALIA**

**STEEL WAREHOUSE  
IN GERMANY**

**STEEL BUILDING  
IN ZIMBABWE**

**FACTORY WAREHOUSE  
IN MALAWI**

**SHOPPING MALL  
IN PHILIPPINES**

**PREFABRICATED SHED  
IN CANADA**

**PREFAB WAREHOUSE  
IN CANADA**

**METAL WORKSHOP  
IN INDONESIA**

When considering the application occasions and scenarios for the BAODU Steel Warehouse, it is crucial to highlight its versatility and

durability. This Prefab Warehouse construction is suitable for a wide range of purposes due to its high-quality materials and construction standards.

The BAODU Steel Warehouse, originating from Hebei, China, is ideal for various industries looking for a reliable storage solution. Whether it's for industrial use, commercial purposes, or agricultural storage needs, this Building Galvanized Storage Light Steel Building offers a secure and efficient space for inventory management.

With ISO9001 and CE certifications, clients can trust the quality and safety standards of this Steel Warehouse model. The reasonable pricing and discussible minimum order quantity make it accessible for businesses of different sizes looking to invest in a durable storage solution.

The Steel Warehouse is designed for easy assembly and quick installation, making it a practical choice for companies with time-sensitive projects. The high fire resistance and low maintenance requirements further enhance its appeal for long-term use.

With a supply ability of 10000 square meters per month and a delivery time of 21 days, clients can rely on the timely availability of this Prefab Warehouse product. The flexible payment terms, including L/C, D/A, D/P, T/T, Western Union, and MoneyGram, ensure convenience for international buyers.

Whether it's for temporary storage needs, expansion of existing facilities, or setting up a new warehouse space, the BAODU Steel Warehouse is a reliable solution. Its high security features and sturdy construction using Grade Q235 and Q355 steel make it a trusted choice for safeguarding valuable assets.

In conclusion, the BAODU Steel Warehouse is a versatile and durable option for businesses seeking a cost-effective and efficient storage solution. Its light steel structure design combined with high fire resistance and low maintenance requirements make it a practical choice for various application occasions and scenarios.

### Customization:

### Support and Services:

Our Product Technical Support and Services for the Prefab Steel Warehouse include:

- Comprehensive installation guidance and support to ensure smooth assembly of the warehouse structure.
- Troubleshooting assistance for any technical issues that may arise during the installation process.
- Ongoing maintenance recommendations to help prolong the lifespan of the steel warehouse.
- Access to our team of technical experts for any questions or concerns regarding the prefabricated steel warehouse.

### Packing and Shipping:

**Product Packaging:**

The Prefab Steel Warehouse will be securely packed to ensure safe transportation. Each component will be wrapped and protected to prevent any damage during transit.

**Shipping:**

Shipping of the Prefab Steel Warehouse will be arranged by our logistics team. We work with trusted carriers to ensure timely delivery to your specified location. Tracking information will be provided once the shipment is on its way.

**FAQ:**

**Q: What is the brand name of the steel warehouse?**

A: The brand name is BAODU.

**Q: Where is the steel warehouse manufactured?**

A: The steel warehouse is manufactured in Hebei, China.

**Q: What certifications does the steel warehouse have?**

A: The steel warehouse is certified with ISO9001 and CE.

**Q: What is the minimum order quantity for the steel warehouse?**

A: The minimum order quantity is discussible.
