

## Economic Prefabricated Workshop Prefab Steel Structure Farm Storage Warehouse Metal Building

### Our Product Introduction

for more products please visit us on [baodupanel.com](http://baodupanel.com)

#### Basic Information

- Place of Origin: Hebei, China
- Brand Name: BAODU
- Certification: ISO9001, CE
- Model Number: Steel Warehouse
- Minimum Order Quantity: Discussible
- Price: Reasonable
- Packaging Details: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing will according to their requirements.
- Delivery Time: 21 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 10000 Square Meter/Square Meters per Month

#### Product Specification

- Product Name: Economic Prefabricated Workshop Prefab Steel Structure Farm Storage Warehouse Metal Building
- Structure: Steel Structure Frame Welded
- Keyword: Steel Structure Building Warehouse
- Door: Sliding Door, Rolling Door, Shutter Single Door, Color Steel
- After-sale Service: Online Technical Support
- Wall Cladding: EPS/Rockwool/Fiberglass Wool/PU Sandwich Panel Or Steel Sheet
- Tolerance:  $\pm 1\%$
- Grade: Q235, Q355
- Design Style: Industrial
- Structure Type: Long-span Grid Structure

## Product Description

### Economic Prefabricated Workshop Prefab Steel Structure Farm Storage Warehouse Metal Building

#### Product Description:

The Prefab Steel Warehouse is a versatile and durable steel structure building suitable for various industrial applications such as warehouse, workshop, hangar, hall, and more. This product offers a reliable and cost-effective solution for your storage and operational needs.

Key Features:

**Wall Cladding:** The steel warehouse workshop features wall cladding options including EPS, Rockwool, Fiberglass Wool, PU Sandwich Panel, or Steel Sheet. These materials provide excellent insulation and protection against external elements.

**Roof Cladding:** The roof cladding of the structure is also customizable with options such as EPS, Rockwool, Fiberglass Wool, PU Sandwich Panel, or Steel Sheet. This ensures a weather-resistant and durable roofing solution.

**Roof & Wall Panel:** The warehouse is equipped with high-quality Color Steel Veneer, Rockwool Sandwich Panel, PU Sandwich Panel, and other options for both roof and wall panels. These panels offer a sleek appearance and enhanced thermal performance.

**Tolerance:** The product maintains a tolerance level of  $\pm 1\%$ , ensuring precision and accuracy in its construction.

Whether you need a Workshop Industrial Steel building, a durable hangar for aircraft storage, or a Galvanized Storage Light Steel Building for your inventory, this Prefab Steel Warehouse is designed to meet your specific requirements.

With its sturdy steel structure and versatile design, this warehouse provides a secure and efficient storage solution for various industries. The customizable cladding options and precise tolerance levels make it a reliable choice for your long-term storage and operational needs.

Invest in a Prefab Steel Warehouse today and experience the durability, flexibility, and cost-effectiveness of a high-quality steel structure building.

#### Features:

<b>Type</b>	Single or double or Multi slope; Single or double or Multi-span; Single or Multi-floor;
<b>Base</b>	steel foundation bolts
<b>Steel frame</b>	Material Q345(S355JR)(Gr50)or Q235(S235JR) steel;
<b>Bracing</b>	X-type or V-type or other type bracing made from angle, round bar, etc
<b>Wall &amp; Roof Purlin</b>	C section channel or Z section channel
<b>Roof &amp; wall cladding</b>	Single color corrugated steel sheet; Sandwich panel with eps,rock wool,glasswool
<b>Window</b>	UPVC/PVC or Aluminum Alloy window frame with glass.
<b>Door</b>	Sliding or Roller shutter door.
<b>Gutter material</b>	Color steel sheet or galvanized steel or stainless steel;
<b>Rainspout</b>	PVC pipe
<b>Connection</b>	high strength bolts ,intensive bolt,self-drilling screws.
<b>Accessories</b>	Skylight panel, Ventilation, Fasteners etc
<b>Surface process</b>	Shot blasting Sa2.5;Two layers of Anti-rust Painting or galvanized

#### Technical Parameters:

Maintenance	Low
Processing Service	Bending, Welding, Decoiling, Cutting, Punching
Warranty	10 Years
Durability	High
Structure	Steel Structure Frame Welded
Wall cladding	EPS/Rockwool/Fiberglass Wool/PU Sandwich Panel Or Steel Sheet
Design Style	Industrial
Grade	Q235, Q355
Material	Q235/Q345 Steel
Keyword	Steel Structure Building Warehouse

#### Applications:

**MULTI-STOREY BUILDING  
IN PHILIPPINES**

**HEAVY WORKSHOP  
IN AUSTRALIA**

**STEEL WAREHOUSE  
IN GERMANY**

**STEEL BUILDING  
IN ZIMBABWE**

**FACTORY WAREHOUSE  
IN MALAWI**

**SHOPPING MALL  
IN PHILIPPINES**

**PREFABRICATED SHED  
IN CANADA**

**PREFAB WAREHOUSE  
IN CANADA**

**METAL WORKSHOP  
IN INDONESIA**

Product Application Occasions and Scenarios for BAODU Steel Warehouse:

The BAODU Steel Warehouse is a versatile and durable solution for various construction needs in the industrial and commercial sectors. With its high-quality materials and efficient design, the Steel Warehouse is suitable for a wide range of applications.

**Prefab Warehouse Construction:** The BAODU Steel Warehouse is ideal for prefabricated warehouse construction projects due to its easy assembly and customizable features. Whether it's for storage, logistics, or distribution purposes, the Steel Warehouse offers a reliable and cost-effective solution.

**Workshop Industrial Steel:** The BAODU Steel Warehouse is perfect for workshop industrial steel applications. Its sturdy main frame, consisting of Welded H Steel Beams and Steel Trusses, provides a secure and spacious environment for various industrial activities. Whether you need a warehouse for storing goods, setting up a workshop, or expanding your industrial operations, the BAODU Steel Warehouse delivers exceptional performance and value. Its customizable size and color options make it versatile for different project requirements.

Manufactured in Hebei, China, the Steel Warehouse meets high-quality standards with ISO9001 and CE certifications. The hot dip galvanized or painted surface treatment ensures long-lasting protection against corrosion and environmental elements.

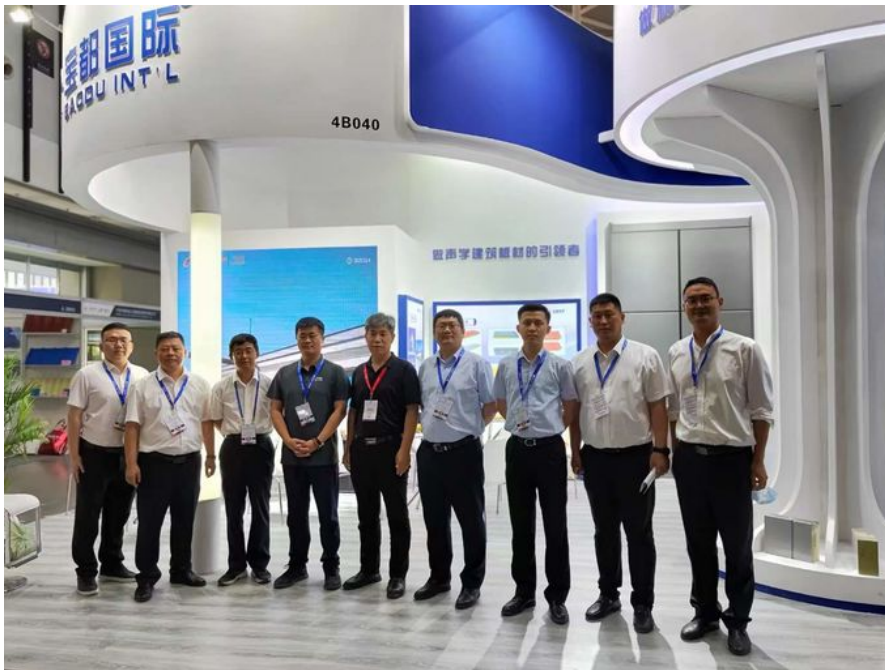

With a reasonable price point and flexible payment terms including L/C, D/A, D/P, T/T, Western Union, and MoneyGram, the Steel Warehouse offers affordability and convenience for your construction projects.

Whether you require a small-scale storage facility or a large industrial complex, the BAODU Steel Warehouse is ready to meet your needs. With a supply ability of 10000 Square Meter/Square Meters per month and a delivery time of 21 days, you can rely on timely and efficient service for your project.

Choose BAODU Steel Warehouse for your next construction endeavor and experience the durability, versatility, and quality of a trusted brand in light steel structures.

## Support and Services:

Our Prefab Steel Warehouse product comes with comprehensive product technical support and services to ensure that your project is successful. Our team of experts is available to assist you with any technical queries or issues that may arise. We offer installation guidance, maintenance advice, and troubleshooting support to help you make the most of your Prefab Steel Warehouse. Additionally, our customer service team is dedicated to providing excellent support and ensuring your satisfaction with our product.

#### Packing and Shipping:

#### Product Packaging:

The Prefab Steel Warehouse is carefully packaged to ensure its components are protected during transportation. Each part is securely wrapped and placed in sturdy boxes or crates to prevent damage. Additionally, clear labeling is applied to each package for easy identification of the contents.

#### Shipping:

Once the Prefab Steel Warehouse is ready for shipment, it will be loaded onto a secure transport vehicle. We work with reliable shipping partners to ensure timely delivery to your specified location. You will be provided with tracking information so you can monitor the progress of your shipment.
