Basic Information

- Place of Origin: Hebei, China
- Brand Name: BAODU
- Certification: ISO9001, CE
- Model Number: Steel Warehouse
- Minimum Order Quantity: Discussible
- Price: Reasonable
- Packaging Details: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing will according to their requirements.
- Delivery Time: 21 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 10000 Square Meter/Square Meters per Month

Product Specification

- Maintenance: Low
- Weather Resistance: High
- Drawing Design: SAP2000/AutoCAD /PKPM /3D3S/TEKLA
- Window: Aluminum Alloy Window, Plastic Steel
- Grade: Q235, Q355
- Installation: Easy
- Tolerance: $\pm 1\%$
- Structure: Steel Structure Frame Welded
- Highlight: **Rockwool Sandwich Panel Prefab Steel Warehouse**
, Light Steel Structure Prefab Steel Warehouse

Product Description

Product Description:

The Prefab Steel Warehouse is a cutting-edge solution for efficient and durable warehouse construction. This product offers a combination of innovative design and high-quality materials to create a reliable structure for various industrial applications. Designed with a focus on durability and longevity, the Prefab Steel Warehouse features a range of roof and wall panel options, including Color Steel Veneer, Rockwool Sandwich Panel, PU Sandwich Panel, and more. These panels provide excellent insulation and protection against external elements, making the warehouse suitable for a wide range of environments.

As a Light Steel Structure type, this warehouse is constructed using lightweight yet robust steel components that are easy to assemble and transport. The use of light steel also ensures structural integrity while reducing construction time and costs, making it an ideal choice for industrial applications.

Backed by a 10-year warranty, the Prefab Steel Warehouse offers peace of mind to customers, guaranteeing long-term performance and reliability. This warranty reflects the high-quality craftsmanship and materials used in the construction of the warehouse, providing added value and assurance to buyers.

One of the standout features of the Prefab Steel Warehouse is its long fatigue life, meaning it can withstand continuous use and environmental stresses over an extended period. This feature is essential for industrial settings where the warehouse is expected to operate efficiently and reliably day in and day out.

Equipped with various door options, including Sliding Door, Rolling Door, Shutter Single Door, and Color Steel door, the warehouse offers flexibility and convenience in accessing the facility. These door options are designed for smooth operation and enhanced security, ensuring the safety of goods and equipment stored inside the warehouse.

The Prefab Steel Warehouse is an ideal choice for Workshop Industrial Steel applications, providing a versatile and durable space for storage, manufacturing, and other industrial activities. Its efficient design, high-quality materials, and long-lasting performance make it a valuable investment for businesses looking to expand their operations or upgrade their existing facilities.

Overall, the Prefab Steel Warehouse is a top-of-the-line solution for prefabricated warehouse construction, offering a blend of quality, durability, and functionality. With its innovative design, versatile features, and long-term warranty, this warehouse sets a new standard for industrial steel structures, delivering exceptional value and performance to customers in need of a reliable storage and workspace solution.

Features:

Product Name: Prefab Steel Warehouse
Surface treatment: Hot Dip Galvanised Or Painted
Door:
Sliding Door
Rolling Door
Shutter Single Door
Color Steel
Main frame:
Welded H Steel Beam
Steel Truss
Roof cladding:
EPS/Rockwool/Fiberglass Wool/PU Sandwich Panel
Steel Sheet
Grade: Q235, Q355

Technical Parameters:

| | |
|-------------------|---|
| Design Style | Industrial |
| Structure | Steel Structure Frame Welded |
| Purlin | C/Z Galvanized Steel(Q235) |
| Fire Resistance | High |
| Warranty | 10 Years |
| Grade | Q235, Q355 |
| Delivery Time | 15-21 days |
| Surface treatment | Hot Dip Galvanised Or Painted |
| Brand Name | BAODU |
| Wall cladding | EPS/Rockwool/Fiberglass Wool/PU Sandwich Panel Or Steel Sheet |

Applications:

Product Application Occasions and Scenarios for BAODU Steel Warehouse:
The BAODU Steel Warehouse is a versatile and durable solution for a variety of application occasions and scenarios. With its high-quality

construction and customizable features, this prefab warehouse is suitable for a wide range of uses.

1. Prefab Warehouse Construction:

The BAODU Steel Warehouse is ideal for prefab warehouse construction projects. Its steel structure design, featuring welded H steel beams and steel truss, provides a strong and reliable framework for building a warehouse quickly and efficiently.

2. Steel Warehouse Workshop:

Whether you need a workshop for manufacturing, assembly, or other industrial purposes, the BAODU Steel Warehouse is a perfect choice. Its long fatigue life and low maintenance requirements make it a cost-effective solution for continuous use.

3. Hangar Hall Steel Structure:

For hangar hall applications, the BAODU Steel Warehouse offers a spacious and sturdy structure to accommodate aircraft, machinery, or other large equipment. Its customized size and reasonable price make it a practical choice for hangar construction.

4. Customized Size Options:

The BAODU Steel Warehouse can be tailored to meet specific size requirements, allowing for flexibility in design and layout. Whether you need a small storage facility or a large industrial warehouse, this product can be customized to fit your needs.

5. Reliable Certification and Quality:

With ISO9001 and CE certifications, you can trust the quality and reliability of the BAODU Steel Warehouse. Its high-quality materials and construction ensure durability and long-term performance.

6. Fast Delivery and Flexible Payment Terms:

With a delivery time of 21 days and various payment options including L/C, D/A, D/P, T/T, Western Union, and MoneyGram, acquiring the BAODU Steel Warehouse is convenient and hassle-free.

7. High Supply Ability:

With a supply ability of 10000 square meters per month, you can rely on the BAODU Steel Warehouse to meet your project needs promptly and efficiently.

Overall, the BAODU Steel Warehouse is a versatile and reliable solution for prefab warehouse construction, steel warehouse workshops, hangar hall steel structures, and more. Its customizable features, reasonable price, and long fatigue life make it a smart choice for a wide range of application occasions and scenarios.
