

Roof And Wall Corrugated/EPS/PU/Rock Wool/glass Wool 40x60 Steel Building With Light Steel Structure For Prefabricated Warehouse

Our Product Introduction

for more products please visit us on baodupanel.com

Basic Information

- Place of Origin: Hebei, China
- Brand Name: BAODU
- Certification: ISO9001, CE
- Model Number: Steel Warehouse
- Minimum Order Quantity: Discussible
- Price: Reasonable
- Packaging Details: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing will according to their requirements.
- Delivery Time: 15-21 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 10000 Square Meter/Square Meters per Month

Product Specification

- Product Name: 40x60 Steel Building Metal Building Prefabricated Warehouse Steel Structure Warehouse
- Type: Light Steel Structure
- Keyword: Steel Structure Building Warehouse
- Roof And Wall: Corrugated/EPS/PU/Rock Wool/glass Wool
- Weather Resistance: High
- Fire Resistance: High
- Main Frame: Solid H-shape Steel Beam
- Warranty: More Than 50 Years
- Installation: Engineer Guidance
- Purlin: Q235B Q355B Galvanized
- Drawing Design: Customers' Request

Product Description

40x60 Steel Building Metal Building Prefabricated Warehouse Steel Structure Warehouse

Product Description:

Compared with traditional buildings, steel structure building is a new building structure—the entire building made of steel. The structure mainly comprises steel beams, columns, trusses, and other parts made of section steel and steel plates. It is connected between parts and parts by welding, bolts, and rivets. The lightweight and simple structures are widely used in large factories, stadiums, super high-rise buildings, and other fields. The type of steel building structure includes the portal rigid steel frame, frame structure, truss structure, and grid structure.

Feature and application of the standard type of steel building structure:

1. Portal frame structure has simple force, clear force transmission path, and fast construction speed. It is widely used in industrial and civil buildings such as industrial, commercial, cultural, and entertainment public facilities.

2. Steel building frame structures are flexible and can form a larger space. It is widely used in the multi-story and high-rise building such as commercial office building, shopping mall, conference center and other buildings.

3. Steel truss structure is using small cross-section tube to form larger cross-section components, which are often used in industrial and civil buildings such as large span roof, bridge, tower, marine oil production platform, etc., with large span or height in the building.

4. The steel grid structure is a high-order statically indeterminate space structure composed of many rods according to certain rules with small space stress, lightweight, high rigidity, and excellent seismic resistance. It can be used as a gymnasium, exhibition hall, petrol station and hangars, etc.

Features:

Structure	Part	Specification
Main Structure	Frame Column and Beam	Q355B H/I Section & As drawings
	Welding	Automatic Submerged Arc Welding
	Rust Removing	Shot Blasting
	Surface Processing	Coating or Galvanized
	High Strength Bolt	Grade 10.9
Secondary Structure	Purlin	C/Z Purlin Size from C120-C320,Z100~Z300,
	Angle Brace	Q235B L-Steel
	Cross Brace/X Brace	Q235B Round Pipe
	Tie Bar	Q235B Round Bar
Roof System	Roofing Material	Sandwich Panel-Insulated PU/Glasswool/Rock Wool/EPS 50mm-200mm
	Skylight Panel	1.2mm FRP
	Gutter	Steel Gutter Galvanized/Coated 2.0mm-3.0mm
	Rainspout/Down Pipe	PVC Pipe
Wall System	Wall Material	Sandwich Panel-Insulated PU/Glasswool/Rock Wool/EPS 50mm-200mm
	Accessories	Sealant, Self-tapping Screw etc
	Edge Cover	Color Steel

Ventilator	Unpowered Axial-Flow Ventilator or Monitor Roof	Customizable
Door	Electric Rolling Door/Sliding Door/Access Side Door	Customizable
Window	Aluminum/PVC	Customizable
Crane	1-200 T	Customizable
Packing	Main steel frame without packing load in 40' OT;	
	Roof and wall panel load in 40' HQ!	

Technical Parameters:

Drawing Design

We need the following information to make a design for you: the specifications and use of the steel building, thermal and lighting conditions, window and door requirements, wind/snow load, and whether it has a crane.

- 1 Location (where will be built?) _____ country, area
- 2 Size: Length*width*height _____mm*_____mm*_____mm
- 3 wind load (max. Wind speed) _____kn/m², _____km/h, _____m/s
- 4 snow load (max. Snow height)_____kn/m², _____mm
- 5 anti-earthquake _____level
- 6 brickwall needed or not If yes, 1.2m high or 1.5m high
- 7 thermal insulation If yes, EPS, fiberglass wool, rockwool, PU sandwich panels will be suggested; If not, the metal steel sheets will be ok. The cost of the latter will be much lower than that of the former.
- 8 door quantity & size _____units, _____(width)mm*_____ (height)mm
- 9 window quantity & size _____units, _____(width)mm*_____ (height)mm
- 10 crane needed or not If yes, _____units, max. Lifting weight_____tons; Max. Lifting height _____m.

Models Design

Our company offers full design and detailing services to every customer.(PKPM, AutoCAD, Tekla).And our design team turns your requirements into clear drawings, offer 3D drawings for installation guidance, and ensures every detail is easily understandable.

Product main material:

Installation scene:

Foundation & Embedded Bolts

Install the Columns & Beams by Crane

Install the Steel Rod

Install the Wall Purlins

Install the Roof Purlin

Install the Purlin Rod

Install the Purlin Bracing

Install the Roof Panels

Install the Wall Panels

Install the Canopy

Install the Flashing Sheets

Finishing

Applications:

Please kindly inform us of the information below if you are interested in our products.

1. **Project Progress:** Is Land Purchased? Is it licensed by the government?
2. **Usage:** for warehouse, workshop, showroom, etc.
3. **Location:** In which country will it be built?
4. **Local Climate:** Wind speed, Snow load (max. Wind speed)
5. **Design:** Please provide the design drawing. Or do you need us to design for you?
6. **Dimension:** Length*width*height
7. **Crane Beam:** Do you need crane beam inside the steel structure?
8. **Roof and Wall:** determine the panel material, such as color steel panel, and metal sandwich panel.
9. **Windows and Doors:** what material, quantity, and type?

Steel structure warehouse

Steel structure factory building

Steel structure building

Steel structure garage/hangar

Steel structure house

Steel structure livestock house

- 1) Moisture and heat resistance, waterproof and fireproof.
- 2) It can be freely lifted, fixed and combined.
- 3) Convenient transportation, cheap price and cost saving.
- 4) It is easy to assemble and disassemble, and it will not be damaged many times.
- 5) The service life is more than 50 years.
- 6) We provide remote online installation, supervision and training services. For major projects, we will conduct on-site guidance, installation and post-maintenance.
- 7) Prefabricated houses, offices, warehouses, workshops, greenhouses, workshops, garages, cold storages, container houses, hotels, toilets, etc...

Project Cases:

Gas Turbine Combined Cycle Power Station Expansion Project in Basra Iraq

Clean Coal Fired Power Plant Phase I (4x600mw net) Project in Hasyan Dubai

Our capacity and certification:

Support and Services:

Our team of experts is available to provide technical support and services for the Prefab Steel Warehouse product.

We offer:

Consultations to help you determine the best solutions for your needs

Customized design services to ensure the warehouse meets your specific requirements

Quality control inspections throughout the production process

On-site installation and assembly services

Maintenance and repair services to keep your warehouse in top condition

Our goal is to provide our customers with reliable, durable, and cost-effective solutions for their storage needs. Contact us for more information on our technical support and services.

Company profile:

Baodu International Advanced Construction Material Co., Ltd was established in January 2010 with the office in Beijing and factory in Hebei, China. Baodu is a designer, manufacturer, supplier and exporter of industrial noise comprehensive treatment, steel structure, sandwich panel and prefab house. Baodu has an annual output of 6 million square meters of acoustic sandwich panels, 100000 tons of steel structures and 1 million square meters of floor decking sheet. The products are sold in more than 30 countries and regions around the world. Baodu has a professional design team with more than 10 years' experience, including 5 senior engineers, 20 engineers, and 35 technicians. Baodu has several energy saving and environment protection intellectual property rights, construction and environment protection design qualification, CE certification and Russian GOST certification etc. Baodu participated in the military parade village project for the 60th anniversary of China and project of Beijing Daxing International Airport. Under the guidance of China's "one belt, one road" strategy, Baodu has also undertaken overseas projects such as the project of Thar,Pakistan coal fired power plant, Hasyan Dubai power plant and so on. Finally, welcome your coming to Baodu for a visit and cooperation!

Packing and Shipping:

Product Packaging:

The prefabricated steel warehouse will be packaged in sturdy box to prevent any damage during transportation.

All components will be carefully wrapped and secured to ensure safe delivery.

Shipping:

The product will be shipped via truck or container, depending on the size of the order and the destination.

Shipping fees will be calculated based on the distance and weight of the order.

Delivery times may vary depending on the destination and shipping method.

Customers will be provided with a tracking number to monitor the status of their shipment.

FAQ:

Q: What is the brand name of this product?

A: The brand name of this product is BAODU.

Q: What is the model number of this product?

A: The model number of this product is Steel Warehouse.

Q: What is the place of origin of this product?

A: The place of origin of this product is Hebei, China.

Q: What certifications does this product have?

A: This product is certified with ISO9001 and CE.

Q: What is the packaging method and delivery time for this product?

A: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing, it will be according to their requirements. The delivery time for this product is 21 days.

Q: What is the payment method and supply ability for this product?

A: The payment terms for this product include L/C, D/A, D/P, T/T, Western Union, and MoneyGram. The supply ability for this product is 10000 Square Meter/Square Meters per month and the price is reasonable.
