

## China Steel High Quality Metal Structure Warehouse Buildings Steel Warehouse Steel Structure Warehouse

### Our Product Introduction

#### Basic Information

- Place of Origin: Hebei, China
- Brand Name: BAODU
- Certification: ISO9001, CE
- Model Number: Steel Warehouse
- Minimum Order Quantity: 1000 square meters
- Price: \$25-45 square meter
- Packaging Details: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing will according to their requirements.
- Delivery Time: 45 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 5000 Square Meter/Square Meters per Day

#### Product Specification

- Product Name: China Steel High Quality Metal Structure Warehouse Buildings Steel Warehouse Steel Structure Warehouse
- Keyword: Steel Building Warehouse
- Wall Cladding: EPS/Rockwool/Fiberglass Wool/PU Sandwich Panel Or Steel Sheet
- Processing Service: Bending, Welding, Decoiling, Cutting, Punching
- Application: Steel Storage, factory Or Logistic Warehouse
- Roof Cladding: EPS/Rockwool/Fiberglass Wool/PU Sandwich Panel Or Steel Sheet
- Drawing Design: SAP2000/AutoCAD /PKPM /3D3S/TEKLA
- Performance: Safety, Water-proof, Sound Insulated Hear-preservation Etc.
- Warranty: More Than 50 Years
- Certificate: ISO9001:2008
- Highlight: **prefab steel warehouse buildings,**

## China Steel High Quality Metal Structure Warehouse Buildings Steel Warehouse Steel Structure Warehouse

Welcome to our range of high-quality steel structures, designed for industrial, commercial, agricultural, and residential applications worldwide. Our products are manufactured with precision, adhering to international standards such as ASTM, AISC, ISO, and EN, ensuring reliability and safety for your projects.

### Our Capabilities

We have a professional design team about 40 people, with 10 years design experience. We can meet your individual needs. And multi-type steel components, roof and wall panels, doors and windows for choosing.

### Required Information for Custom Orders

**Project Progress:** Is Land Purchased? Is it licensed by the government?

**Usage:** for warehouse, workshop, showroom, etc.

**Location:** In which country will it be built?

**Local Climate:** Wind speed, Snow load (max. Wind speed)

**Design:** Please provide the design drawing. Or do you need us to design for you?

**Dimension:** Length\*width\*height

**Crane Beam:** Do you need crane beam inside the steel structure?

**Roof and Wall:** determine the panel material, such as color steel panel, and metal sandwich panel.

**Windows and Doors:** what material, quantity, and type?

### Why Choose Our Steel Structures?

#### Superior Strength & Durability

Made from high-grade steel (Q235, Q355, or ASTM A572), our structures offer exceptional load-bearing capacity, resistance to extreme weather, and long-term performance.

Corrosion-resistant coatings (hot-dip galvanizing, painted, or powder-coated) protect against rust and degradation, even in harsh environments.

#### Customizable & Modular Designs

We provide bespoke solutions tailored to your needs—from clear-span widths, height, and roof styles to door/window placements and insulation options.

Pre-engineered components ensure fast, error-free assembly, reducing labor costs and construction time.

#### Cost-Effective & Eco-Friendly

Steel is 100% recyclable, making our structures a sustainable choice.

Lightweight yet strong components minimize foundation requirements and shipping costs.

### Wide Applications

Warehouses & Logistics Centers: Large, column-free spaces for maximum storage.

Industrial Buildings: Factories, workshops, and manufacturing plants.

Commercial Spaces: Supermarkets, showrooms, and offices.

Agricultural Buildings: Barns, grain storage, and poultry farms.

Special Structures: Hangars, stadiums, and multi-story buildings.

### Certification & Quality Assurance

Our products comply with ISO 9001, CE, and other global certifications.

Strict quality control from material sourcing to production and packaging.
