

Easy Assembly 500-1000 square Meter Prefabricated Warehouse Steel Structure Steel Frame Warehouse for Industrial Storage

Our Product Introduction

Basic Information

- Place of Origin: Hebei, China
- Brand Name: BAODU
- Certification: ISO9001, CE
- Model Number: Steel Warehouse
- Minimum Order Quantity: 500 square meters
- Price: CN¥180-330/square meter
- Packaging Details: In general, for steel structure, we use the steel frame packing to keep goods not to be broken. For sandwich panel and color steel sheet, we use the plastic packing. If the clients need special packing will according to their requirements.
- Delivery Time: 30 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 10000 Square Meter/Square Meters per Month

BAODU

Product Specification

- Product Name: Easy Assembly 500-1000 Square Meter Prefabricated Warehouse Steel Structure Steel Frame Warehouse For Industrial Storage
- Warranty: More Than 50 Years
- Processing Service: Bending, Welding, Decoiling, Cutting, Punching
- Application Fields: Warehouse, Factory, Steel Structure Building
- Installation Guide: Installation Drawings And Video
- Foundation: Bolt-Connected Precast Concrete Base
- Wall&Roof Panel: EPS Or Mineral Wool Or PU Or Fiber Glass Sandwich Panel
- Purlin: C/Z Section Steel
- Drawing Design: SAP2000/AutoCAD /PKPM /3D3S/TEKLA
- Model Number: Q355 Q235
- Highlight: **prefabricated steel warehouse with easy assembly**

Product Description

Easy Assembly 500-1000 Square Meter Prefabricated Warehouse Steel Structure

Product Overview

Our prefabricated steel frame warehouse is designed for industrial storage applications, offering easy assembly and durable construction for spaces ranging from 500-1000 square meters.

Steel Materials

Steel Building Process

Project Cases

Completed steel structure warehouse project

Large steel structure factory

Steel warehouse interior

Steel structure construction site

Building Applications

We will recommend the best design for the purpose of the building:

Warehouse/Storage

Factory

Agriculture Barn

Retail Store

Repair/Mechanic Shop

Office Space

Medical Warehouse

Animal Farm (please confirm what kind of animal)

Steel Storage Facilities:

The BAODU Steel Warehouse is perfect for storing a wide range of items, from raw materials to finished products. Its sturdy construction and secure design make it an excellent choice for keeping goods safe and organized.

Factory Buildings:

The Steel Warehouse can be used as a light steel building for factory operations. Its easy installation process and durable materials ensure that your factory has a strong and reliable structure to support your business activities.

Logistic Warehouses:

For logistics and distribution centers, the BAODU Steel Warehouse offers a spacious and adaptable space for storing and managing goods. Its roof and wall panels, such as color steel veneer and sandwich panels, provide insulation and protection for your inventory.

Quality Inspection Standards

Quality inspection process

Quality control equipment

Excellent product quality is our eternal pursuit, and it is also the fundamental reason for us to base ourselves on the global market. BAODU GROUP implements whole-process quality management and strictly supervises every process such as raw material supply, engineering design, steel component manufacturing, installation and construction.

We have established a professional team of quality inspection engineers, introduced internationally leading quality inspection equipment such as German GS1000 vacuum spectrometer and high-frequency infrared carbon sulfur analyzer, established a high-quality product inspection room, and won many awards from China's advanced quality management unit.

In addition, we support testing and certification by SGS, TUV, BV.

Company Profile

Baodu International Advanced Construction Material Co., Ltd was established in January 2010 with the office in Beijing and factory in Hebei, China. Baodu is a designer, manufacturer, supplier and exporter of industrial noise comprehensive treatment, steel structure, sandwich panel and prefab house.

Baodu has an annual output of 6 million square meters of acoustic sandwich panels, 100,000 tons of steel structures and 1 million square meters of floor decking sheet. The products are sold in more than 30 countries and regions around the world.

Baodu has a professional design team with more than 10 years' experience, including 5 senior engineers, 20 engineers, and 35 technicians. Baodu has several energy saving and environment protection intellectual property rights, construction and environment protection design qualification, CE certification and Russian GOST certification etc.

Baodu participated in the military parade village project for the 60th anniversary of China and project of Beijing Daxing International Airport. Under the guidance of China's "one belt, one road" strategy, Baodu has also undertaken overseas projects such as the project of Thar, Pakistan coal fired power plant, Hasyan Dubai power plant and so on. Finally, welcome your coming to Baodu for a visit and cooperation!

Packing and Shipping

Packaging process

Shipping containers

Packaging Details:

Steel structure components will be in packaging with proper protection

Sandwich panels will be covered with plastic film

Bolts and other accessories will be loaded into wooden Boxes

All the structure components, panels, bolts and sorts of accessories will be well packed with standard package suitable for ocean transport and loaded into 40'HQ.

All the products are loaded at the loading site of our factory using crane and forklift by our skilled workers, who will prevent the goods to be damaged.

Good relationship with many vessel companies to make sure the transportation smooth.

After-Sale Service

Sales - design - refinement - procurement - production - packaging - delivery construction after-sales in one-stop service

24 hour consultation service

Provide technical support: modeling and drawing design

Professional construction technicians can be dispatched for on-site guidance

Related products on behalf of procurement

Steel processing equipment is complete

Welding workers have 5-8 years of working experience with certificates, certificate rate of 95%

Specialized quality inspection department: all processes have full quality inspection project
